Inaccurate Automatic Translation

I hope you're doing well

The 1514th Tianxin Garden is all night sincere

Summary

In Japan's shokuchi, even in difficult environments, you can overcome any difficulty if you move forward with the realization of Heavenly Father and Mother living by the Spirit and Truth. I hope I will be able to build up a standard of faith that will rise higher day by day.

It was reported that Chairman Fumimroi met his mother and sent a message of comfort from her. "Be firm and steadfast in whatever circumstances you may see without grudge. My mother land will deal with it. Don't worry." and told. If all the leaders of the mother's country, the blessed families of the Ame no Tori, all the blessed families, the Messiahs of the gods, deal with it properly and move forward with confidence that your mother does not have to worry, then there will be more surprising reconstruction than before. "I hope that you can fulfill your responsibilities without giving in under any circumstances because you have a purpose and what you have been working on. He comforted me and encouraged me. Grant your

mother's request, I hope that I can show you my faith and love before heaven.

From the detention center entering its 165th day, "In the great tide of history, even if we can close the church, we can never disband our faith in Heavenly Parents, True Parents, and the Absolute Good Spirits. The diligence that we dedicate in Tenshinkai will become a seed of hope and create a new history." sent a message.

From the training director's certificate

Since he was young, he had the ability to open spiritual eyes and see spirits, and he underwent a series of training at Tenshinni, and served as the director of the training department and interpreter for 27 months. I was able to receive great grace and ability in the midst of difficulty. Appreciate those who interpret in the invisible.

From the proof of being a mental native.

Towards March 4th, since midnight before that, I exerted my absolute faith with 6 hours of special devotion and 1,000 times of adoration, but the result was frustrating and my hopes fell apart. However, regardless of how frustrated I was, I decided to accept the dissolution order with gratitude, and accept the order to be dissolved from now on, the family church and the gods clan Messiah must take responsibility in real entities. I believe that if the two generations move forward with hope in this way, God Japan will fly and fly.

From the report of the director of the Kim Center, there was a report on the benefits of the 40th day Shuben-e. Even a son or daughter who is unfortunate, comes to the Shubo-e on the 40th day, they will be reborn as a legitimate child or a shrine maiden. Anger and scolding doesn't change a person. If you have such a child, you should encourage her to go to the 40th day of spiritual shuben-e with prayer while praying. Through this experience, they are able to understand the spirit of heaven and become newly reborn as lion and shrine maiden. And when they return to the field, let them pray further with the leaders and press forward in the Spirit and truth. And the desire of Heavenly Father will be fulfilled in your church. We must keep the fire lit at Tenshin-zuki (Tenshinji) to the site.

Kun-doku only: "Heavenly Father is crying tears like waterfalls." Freeing that God is the mission of a true father. For we know the grudge of our Heavenly Father that is why we could forgive those who hurt us. I forgave because it is a sin I committed without knowing. Who would know living with such grudges of heaven and earth. I have drunk many tears. We must regard this thought as a noble value.] It is said that deep resentment in the heart must be felt as something of infinite value that cannot be replaced even by the amount of millions. If you have the heart to take on the responsibility of settling everything by considering the value of resentment like this, and inherit the sadness of Heavenly Parents in a solemn attitude and use it as a driving force, you can move towards the path of victory as an engine that never disappears. Heaven expects us, saying, "Rise your strength, and go forward as one." If we resolve toward the living Heavenly Father and Mother, and the absolute good spirits enter into our hearts, then we will receive the grace of increased supplications.
