The Special Great Works to Commemorate the 20th Anniversary of Chung Pyung Works began with a Chung Pyung Holy Pilgrimage.

There was conducted, for the first time, a 'Chung Pyung Holy Pilgrimage' during the 'The Special Great Works to Commemorate the 20th Anniversary of Chung Pyung Works.'

Starting from the Original Sanctuary, built by True Father from July 12, 1971, participants moved to the CheongShim Tower, to the Tree of Love, and around the Jeong Shim Won (prayer hall) to the Water of Life, and ending at the Tree of Blessing. At each site one could receive a stamp on a pilgrimage from all the sites on the pilgrimage is eligible to receive an 'Inheritance of Heavenly Fortune' bookmark, given at the Cheongseong Wanglim Palace (Heavenly Palace), which is the terminal point of the Pilgrimage.

True Father spoke often about his vision and dream for Chung Pyung, and now, as if by a miracle, his words have become a reality, one which we can inherit within our lifetime. Photo zones have also been created in two locations for the 'Inheritance of Heavenly Fortune', which make it possible for us to re-create, in our daily life, the miracle which is Chung Pyung.

Our church members, by taking part in the Holy Land pilgrimage, were able to inherit the words of True Parents. They could receive the pilgrimage stamps and take a commemorative photograph in each of the photo zones. Moreover, many people were able to enjoy viewing the photo gallery, which records the history of Chung Pyung Works, from the 1970s to the present time.
