194th Chung Pyung 40-day Workshop International Members at Azalea Garden

Right before the Purification Azalea Festival for the Inheritance of Heavenly Fortune, the international members of the 194th Chung Pyung 40-day Workshop went to the Azalea Garden located at the Entrance of Cheon Jeong Gung Museum to take photographs.

The Azalea Garden is a place where True Parents often takes a stroll and takes photograph. Prior to the Seonghwa, True Father often came to this Garden with True Mother and enjoyed the beautiful Azaleas.

The 40-day Workshop trainees are participating in the workshop really well and also working hard during dedication to prepare for the Special Great Works. We hope to see you soon!
