

True Parents' Special Love

A special festival to share **“Heaven G. Burger”**

**Heaven G' Burger**

**Chicken Panini**

True Parents are bestowing a special token of love to members from around the world. It is the Heaven G. Burger. True Mother personally selected the recipe and named the burger by combining the words Heaven, G (from Cheon Jeong Gung) and Burger together.

According to some, Hamburger traces its roots to food eaten by the nomadic Mongolian people; it later became the banner food for Fast Foods in America. Since it was nutritious and could easily be purchased and consumed while at work or in transit, its popularity exploded. True Parents also love hamburgers. True Parents were so busy working to accomplish Heaven's providence that they had to reduce the time they spent eating meals. Hamburgers were a convenient and delicious solution.

True Mother victoriously completed True Father's Third Seonghwa Memorial and in the opening chapter of True Father's biography, it is written, "Food is Love". To encourage members to be victorious with Vision 2020, True Mother bequeathed this "Heaven G. Burger" to the members of the Unification Community. **We plan on hosting this Heaven G. Burger festival during the 2015 Cheongpyeong Autumn Great Works.** Samples of Heaven G. Burger will be provided to members during the Great Works festival. We hope many members will come and enjoy this delicious burger!
