The mountains and fields of Chung Pyung are glowing red everywhere. The hearts of participants are also burning like the crimson sunset in the sky. At the Training Center, where Heaven's grace is multiplying on a daily basis, participants are experiencing the existence of Heavenly Parent, receiving His love, enjoying His grace, and doing their best with a grateful heart.

The miracles in Chung Pyung, carried out in Heaven and on Earth by True Parents the owners of such amazing grace, passionately exploded this week as well. Below is the summary of this week's programs.

1. The 1292nd Chung Pyung Special 2-Day Workshop

During the second week of November, on October 2nd to 3rd of the 3rd year of Cheon Il Guk Heavenly Calendar (solar 11.13~14), the 1292nd grace-filled Chung Pyung Special 2-Day Workshop took place. This week 267 Koreans, 1,287 Japanese, and 73 international members participated in various workshops, adding up to a total of 1,627 participants.

During the opening ceremony, Director Ki-sung Lee read the following words from the Scriptures of Cheon Il Guk Cheon Seong Gyeong Book 13, Chapter 1 Verse 3:6.

"What was the one and only commandment God gave to Adam and Eve, the first ancestors? It was the commandment and blessing to maintain an absolute standard of sexual purity until God's approval of their marriage."

He also continued with the following verse from Cheon Seong Gyeong, Book 1, chapter 4, and verse 1:69.

"The first commandment is: You shall love the Lord your God with all your heart and with your soul and with all your strength. The second is, you shall love your neighbor as yourself. There is also a third commandment: You shall love all things of creation as you love your mother and father, your spouse and your children. These are the first, second and third commandments. Practice these, and you will achieve everything. You will enter the realm of God's ideal that combines vertical love with horizontal love. This leads to the actualization of that ideal."

To the members attending the 2-Day workshop, Director Ki-sung Lee gave the opening remark entitled 'A life that treats the commandments as life'. He emphasized that the words of True Parents are truly necessary for people of this era, and the only way for mankind to establish a nation for Heavenly Parent is to know and practice the words of the Divine Principle. He especially emphasized that keeping the commandment of 'absolute sex' is the secret to forming a happy family and a happy world.

Through the first commandment to love the Heavenly Parents of Day and Night, the second commandment to love our neighbors, and the third commandment to love all things; Director Lee emphasized that no matter how much we love our neighbors and the creation, there is no meaning if we do not love Heavenly Parents and True Parents, as mentioned in the first commandment.

Moreover, the 5th Commandment says to 'Honor your father and your mother' and seeing all those good spirits who ascended to the spirit world practicing this, we cannot dare be unfaithful to our True Parents of Heaven, Earth, and Humankind who came to this earth as the fruit of the history of the providence of restoration and have perfected, concluded, and completed the whole providence; because if we do not do so then the good spirit world will not be able to support us and instead evil spirits will revive and return. This is why all blessed families need to know this clearly and become filial and loyal children of Cheon Il Guk who can move and transform even the most evil spirits.

Next, through the grace-filled Chanyang session, participants spent the precious time feeling the fire-like energy of True Parents; while during the second lecture session, Overall Director In-cheon Kim explained on the grace of the Spirit World and Physical World Blessing.

439 applicants registered for the Spirit World and Physical World Blessing workshop this week, and to welcome the automatic age of history, a glorious engagement ceremony separately took place on the 5th floor of the Chinhwa Education Building.

As many Japanese members and newly witnessed members actively participating in the workshop gave such grace-filled testimonies, we, the organizers, are also truly being moved. Especially many members are making contributions towards the tribal restoration of their parents or their parents-in-law through the Spirit World and Physical World Blessing, and we can clearly see that Heaven is cooperating in those activities.

Member T.K (previously married couple, female) from the Higashi-Kanagawa Parish, Japan participated as a substitute for her father at this Spirit World and Physical World engagement workshop. Although it has been 11 years since she joined the Church, she had not revealed her faith to her family. However when she heard True Mother say 'What kind of happiness is going to Heaven alone?' she felt bad and decided to convert her parents while they were still healthy. But her father caught pneumonia last March and was suddenly in a critical condition. In the following story, she testified about the grace of the Spirit World and Physical World Blessing workshop, which mobilizes the spirit world moved by the passionate witnessing done one earth. She said, "Although I thought to carry out the blessing in the hospital, my family strongly opposed it and stopped me from even entering the hospital. But I continued to persuade them, and my oldest brother suddenly allowed me to enter without any resistance. While receiving a benediction after drinking the holy wine, an amazing grace took place and my mother said 'Thank you' with her eyes closed. I showed a photo of True Parents and said 'Remember these people.' My father passed away on the 17th of August this year. August 17th is also the memorial day of my father-in-law

who received the Spirit World and Physical World Blessing. I had the feeling that my father-in-law came to escort my father."

Member T.H (30,000 couples, female) from Chuo-Hokkaido Parish, Japan said, "I was worried by the troubled relationship with my daughter, so I eventually decided to carry out the ancestor liberation and the blessing ceremony of all 210 generations for the future of my daughter and my descendants. I made many conditions in order to fulfill this, and a miracle happened where my mother earnestly helped me to complete this task. In fact, my mother was a person that severely opposed the church, enough to tell me to 'get out of this neighborhood.' Now this same person drank the holy wine, accepted the benediction, and received the Spirit World and Physical World engagement workshop with my father who passed away last March. This was not the end. A client with whom I have been doing business for 20 years and whose husband passed away also suddenly said she wanted to participate in Spirit World and Physical World Engagement Ceremony this year. In the past, I could not even talk about the church with her. I was able to directly experience the system of cooperation led by True Father in the spirit world. Moreover, among my in-laws who used to oppose me so much, when my mother-in-law passed away last May, my father-in-law drank the holy wine and came to participate in this engagement workshop. I am surprised at how such things I could never imagine are taking place all at once. My relationship with my daughter has fully recovered and I am truly happy for this." Heaven is bestowing amazing graces and blessing to the members who are working hard for the ancestor liberation and blessing, while also running around busily trying to complete tribal restoration.

During the early morning Hoondok session on the 2nd day of the workshop, participants read Cheon Seong Gyeong, Book 7th Chapter 1 'Verse 4: What Is Heaven?' Next was the grace-filled Chanyang session. Participants could feel how True Father was preparing for an even greater work, accompanied by countless angels and heavenly soldiers. Everyone repented while singing Danshimga at the top of their lungs and by singing the holy song of determination as a promise to erase all mistakes and errors, they also experienced the grace of the Holy Spirit while getting a taste of the world of glorious happiness.

In the next session of True Parents' words, participants watched True Mother's speeches from the '3rd Universal Seonghwa' and from the 'True Father's 1,000 Day Memorial Celebration'. The words of True Mother; always new to us no matter how many times we listen to them, were immeasurable in depth because they are more valuable than gold or silver and are so full of love that we cannot fathom its end. After the video, the Chanyang session for the ancestor liberation took place.

Then the engagement workshop program for the Spirit World and Physical World blessing took place. Starting with this Spirit World and Physical World engagement workshop, the program follows the order of: watching a video on the Spirit World and Physical World blessing, followed by the offering of bows with the summoned spirits, and the reading of True Parents benedictions and speech on the value of the Spirit World and Physical World blessed family, followed by a conversation with their spiritual partners and concluded with benediction and three cheers of Oekmansei.

2. 199th 40-Day Workshop

Currently, 173 participants are taking part in the 40-day workshop and passing their every days submerged in grace. The participants, experiencing many new events, have shared different testimonies.

Particularly this week was a special testimony on healing. Ho-sun Kim from Singapore (54 years old, 6500 couples, and Singaporean husband) gave the following testimony, "I came to the Training Center worrying of liver cancer because of severe pain around that area. I have heard for a long time that my liver was not well and the doctors have told me I had a lump on my liver. I couldn't afford the medical bills in Singapore, so I just came to Chung Pyung without further thought. Actually my son's serious atopy was cured in Chung Pyung, so I returned, believing in another miracle. A few days into the 199th 40-day Workshop, a sore oozed with yellow pus from the painful liver area. And then one day, I was truly surprised to find a scar mark of a knife right in that area as if it was operated. However, it was so painful I could not walk and it felt like I was dying. Amazingly, soon after it began to heal. And as if by magic, the pain disappeared. It was as if a medical angel performed a spiritual surgery on me from heaven.

But then again the atopy that my son suffered from started to fierily show up on me during the 40-day workshop. I had rashes all over my leg, and only when they began to disappear then I really started to become better. I thought that through this workshop all the bad things that I carried within were completely cleansed. I thank the Heavenly Parent and True Parents for presenting such amazing experiences and grace to me.

In fact, this is not the first time heaven bestowed upon me such spiritual blessing. In the past, while I was fulfilling the wish of heaven to carry out the tribal restoration for the 160 families, True Father appeared in my dream and said, "160 is not the end! You must do more!" so I worked even harder. And when I liberated the 210 generations of ancestors on my sister-in-law's side, True Father appeared in my dreams 3 times and said, "Go to Korea quickly! I have a present for you." So I participated in the Chung Pyung Special Great Works and was given a holy item through the 'Holy Item Lottery Event.' I believe that Heaven bestowed me this precious gift as a way of saying 'You did well' for my hard work."

The grace of True Parents of Heaven, Earth, and Humankind who are supervising the amazing works of Chung Pyung, are gaining greater strength, and such testimonies are nothing else but the proof of such force.
