The second week of December: "This is a mother's womb."

A Spirit World and Physical World Matching Workshop took place with 241 participants. Directed by True Parents themselves, its spiritual atmosphere continues to be elevated. In 2015 alone, 1,687 participated in Matching Workshops, 1,307 in Blessing, 1,159 in Workshops for Starting Family, and 4,153 in Spirit and Physical World Workshop.

Mrs. K.I. from the Nishihiro District of Japan (40 million-couple) gave the following testimony.

"I was concerned that sin and fallen natures continued to fill me even though now three years have passed since the Cosmic Seonghwa of True Father." I grew distant from other people as well. I

thought I knew the Principle, but I realized I was mistaken. I felt trapped and lonely everywhere I go - even in my own family and church. During the WS, however, I reported to Heavenly Parents in Jeongshim Won about my loneliness. I offered a sincere prayer to True Parents. On the first night, a message found its way into my heart. The message said, "Let us uphold the value of absolute goodness." After realizing that I should uphold the value of absolute goodness, I felt much of my past grievances gone.

In the past, I only told the evil spirits inside me, "leave me body!," during the Changyang sessions. After feeling the love of God this time, however, I engaged in the sessions with a different mindset: "Only when the evil spirits within me feel loved as I do, they will leave me after becoming my brothers and sisters. This place is like the womb of a mother." I felt liberated when I thought about the evil spirits with the heart filled with true love. Later in Jeongshim Won, I offered a report to God, "I am liberated." After feeling much loved by God in Chung Pyung that is like a mother's womb, I was able to repent my past sins and begin again with a new heart."

Mrs. Park Hwa-seon from the Moongyeong Church in Gyeongbuk District (6,500-couple) gave the following testimony.

"I came to Cheongpyeog once a month for the past 20 years because of a persistent headache. Even after attending Great Workshops and 40-day workshops(WS) regularly, however, my headache did not seem to want to go away. I've lived long with this pain, but, to my surprise, I discovered that evil spirits are separated at the more fundamental level now that the age of True Parents direct governance over the Chung Pyung Works has begun. I can't find enough time to participate in a 40-day WS these days, so I am opting with 2-day WS. However, I could still feel that the separation of evil spirits has become significantly easier. Before, 40-day WSs would have a very little effect on me, but these days, I feel the difference just by attending 2-day WSs frequently. I am certain that even incurable diseases can be cured. The true grace of True Parents have begun, and I believe that we can unite around True Parents while dispelling all kinds of disease and sickness. My sincere gratitude goes to Heavenly Parents and True Parents."

"I heard a voice telling me, 'I believe in you.'"

The 200th 40-day WS Filled with Abundant Grace

The 200th 40-day WS that commenced last week is hosting some 150 participants. Chung Pyung Training Center(CPTC) is where its participants can feel the warm embrace of True Mother. It is the original homeland of all humankind where they can taste the air of restored and perfected Garden of Eden. We cannot help but to offer the greatest and sincerest gratitude to the love of True Parents who are perfecting this place for us. Many testimonies continue to come.

A.M. from the Kita-Fukuoka District in Japan (Married-couple from 2012 March Special Blessing), came to the 40-day WS after conceiving her second child.

"I felt I'm at my limit after conceiving my second child while already having too much on my plate." So, I came to this 40-day WS to become a proud Heavenly Tribal Messiah who can take care of her family in its truest sense. I determined to participate in this 40-day WS with a life-or-death resolution. I felt the changes in CPTC, and the power of its grace was truly admirable. Miracles, large and small, happened to me every day. Even when I was at the height of despair, I could feel the hands of God consoling my heart. I experienced this kind of miracle every day. On the day True Mother came to the workshop, which was November 23, I filled out a Wish Paper. That night, I saw True Mother in my dream. She came in my dream a few times in the past, but I never had such a up-close experience with her in a dream, and I was moved a lot. Since then, I became more enthusiastic in Chanyang Sessions. Sometimes, I couldn't stop my tears from flowing, and I felt that my spirit became purer overall. My every day was filled with gratitude for Heavenly Parents and True Parents. Even while sweeping the floor, I felt that I am cleaning my own spirit with the act. I cried again when I felt this way. It was as though my mind was finding peace little by little as I swept the floors. I really felt that my spirit became purer. Chanyang sessions became even more effective at separating evil spirits when I swept the floors before the sessions. I had a first-hand experience during this 40-day WS that Heavenly Parent was by my side. With this new knowledge, I will unite with my husband and sincerely live a life of faith."

Mr. H.N. from Gifu District in Japan (2nd-gen from a 6,500-couple family) sent the following uplifting testimony.

"I took a short leave from my work and decided to attend a 40-day WS to cleanse my spirit. I'm the kind of person who gets tired very easily, but I felt my stamina rejuvenate as the 40-day WS continued. During a Chanyang session, I could hear Heaven's voice saying "I believe in you." I felt that Heavenly Parent spoke to me to give me energy, and I felt that I was guided to come to CPTC because Heavenly Parent loves me very much. On November 23, the day True Mother came to the CPTC, I witnessed a very rare bird. On December 6, my birthday, the same bird visited the third floor of Chinhwa Education Building. I took it as a good omen for another pleasant surprise. And the omen came true when I was gifted on my birthday with a menu used in the Special Rally for Loyal Family that took place the previous day at the Cheon Jeong Gung Museum. I was told that the menu was given to Mr. Yokoi, one of the lecturers, from the President of the training center who told him to give it to a workshop participant. When I received a bag of Kona coffee from True Mother last March during the Foundation Day Great Works, I also saw a pheasant. It seems I see a bird whenever I am about to receive a gift from True Mother."
