First week of February: The Spiritual World can be Reached from Chung Pyung Training Center of Heaven and Earth

1304th 2-Day Chung Pyung (CP) Special Workshop(WS)

The 1304th 2-Day CPWS was held in the second week of February from Saturday to Sunday, February 6 to 7, and from December 28 to 29 in the third year of Cheon Il Guk by heavenly calendar.

"Three years ago today, my older brother passed away at age 47. During the liberation time, I met my older brother spiritually. My parents and grandparents, who already passed away, also came to welcome my brother to the spiritual world. My parents and grandparents told me, 'It's okay. Don't worry. We'll take good care of him.'

Since he was in college, my brother suffered from a type of schizophrenia. The reason I joined the church, too, was to help my brother. I began to walk the course of faith because I wanted to cure him of his illness.

And only in the WS, I was finally able to liberate him. I met my brother during the liberation session, and my brother and I cried out loud together. We cried a lot. I send my heart of sincere gratitude to True Parents."

Spiritual and Physical Family-Beginning WS took place in the 5th floor of Chinhwa Building after the ancestral liberation. This week, a total of 256 families began. This week was also filled with amazing testimonies.

"I came to this WS on behalf of my sister-in-law. She was single until 50 years old and recently received a Spiritual and Physical Matching. I came here on behalf of her at the matching. There, I felt that the spirit of her spouse came to me so I asked him, "What is your name?" to which he answered "Lee Dae-hee." This is when I realized that her spouse was a Korean.

I also saw his spiritual self. I drew on a piece of paper what he looked like and gave it to my sister-in-law. (Picture on left)

However, my parents-in-law began to oppose the Spiritual-Physical Blessing due to there being too many conditions.

I came to CP for the Spiritual-Physical Blessing despite such an obstacle. So the spiritual being came to me but he was concerned that he would not be welcomed by his parents-in-law. I told him, "Don't worry, I will try to change their mind about this."

I told the parents-in-law exactly what I experienced. They then said, "We are sorry for saying such things even though it's my son getting blessed. We will offer a prayer devotion for 40 days after the blessing. Please forgive us." They really prayed for 40 days after the blessing.

Then the spiritual being came to me again during this week's Spiritual-Physical Family-Beginning WS and he told me, "I am very happy. I can go to Japan with you. They will now welcome me. Thank you helping us out." He seemed very happy about the whole thing. Of course, it's not me, but True Parents who helped them out. Nonetheless, he was very grateful. I wanted to take him home as soon as possible to let them meet each other."

"I came to this WS for the Spiritual and Physical Family-Beginning of my parents.

Once I arrived at CP, my father in the spirit world said to me, "How come was I not able to hear this amazing teaching while I was on earth?" My father opposed Unification Church strongly. However, I felt that I still should have found a way to let him hear this words of Truth. I wanted to repent for my failure. Meanwhile, I was able to put a closure to many burdens in my heart thanks to this occasion.

I no longer felt bad about my father, and at the same time, my longing for True Father increased by a lot. Then on the second day of the WS, I heard True Father's voice telling me, "It's parents and children together." I woke up with this message in my ears. I was reminded that True Parents and I are in a parent-child relationship, and my daughter and I are also a parent-child relationship.

My daughter received a blessing and went to live abroad. As she had to make much preparation for her life abroad, True Parents are also making many preparations for us. Realizing this, I felt, 'I need to attend and follow True Parents. No problem is too great if I am connected to True Parents.' This occasion allowed me to develop a stronger heart of yearning for True Parents, and it gave me a strong conviction that I will be victorious on my Heavenly Tribal Messiahship mission this year if I am connected to True Parents."
