My Life studying abroad

While I was in Malaysia, I would live selling Fruit Juices in the Night Market, but thanks to the Wonmo Global Scholarship I was able to come study in Korea. In Korea, I wasn't only able to learn the Korean Language, but also the Korean culture, and even participate in many faith activities. I also enjoyed meeting and spending time with other Second Generations from around the world. I am truly grateful to Heavenly Parents and True Parents of Heaven and Earth to have sent me here to Korea. I will become a great Global Leader! (Summary)
