1. The 1318th Chung Pyung 2-day Workshop.

Let's introduce the testimony of a member who was attending Chung Pyung Workshop and was admitted to Cheongshim International Medical Center.

Even though a person doesn't know about True Parents' authority of victory, if risking their life and praying sincerely, Heavenly Parents can invest a lot of effort into saving that person and this is a testimony that makes us realize how miraculous Heavenly Parents' providence is.

2. 203rd 40-day Workshop trainee's testimony.

184 trainees of the 40-day Workshop from around the world are developing their characters and growing every day. True Mother visited the Training Center on April 29 and took photographs with them. They got inspired by the grace of True Mother and gave a lot of testimonies. Let me introduce some of them.

3. Diverse graces.

1) 10th Chung Pyung 5-day Workshop was held last April 20~24. A couple attended this workshop. But, the wife believed in another religion. Rev. Jeong-hwan Choe in Gwangmyeong Church directed them to join the 5-day Workshop and sent a testimony about them to us.
