On the first day and third day of Great Works, "the Fulfilment of Prayer Wish Papers" was held in the Jeongshim Won (prayer hall). True Parents established the Fulfilment of Prayer Wish Papers and opened a pipe that connects us with True Parents so that we can untie our spiritually entangled knots and make the removal of evil spirits work efficiently. It is meant for members to live a healthy life filled with True Parents love. This is their hope. The members who attended Chanyang in the morning went directly to the Jeongshim Won, which was full of prayers and sincere devotion of many people. We could see members' passion during this Great Works. The Special Prayer Room Prayer was held 3 times on the first and the third day. Members received a lot of grace because this could happen. We are going to share some of the participants' testimonies.
