"It was a historical event when True Parents appeared on earth that your parents became blessed families because of True Parents.

You are the true sons and daughters of True Parents, the heroes who can understand the heart of True Parents, and accomplish the desire that Heavenly Parent, True Parents, and humankind long for. A true hero overcomes pain and difficulty. A hero cannot be a hero under comfortable circumstances. The same goes for True Parents. True Parents began alone, but all of you have one another. Please unite in heart as one with True Parents and become the best in your respective fields. In this way we can restore all 7.3 billion people of the world and bring them into the embrace of True Parents. You are the heroes during this era and that will never be repeated again.

You will bring victory regardless of the kind of situation you are in, won't you? I want to hear the happy reports of your victories, so I will make an effort to live longer for you. We must resolve and determine on this fourth anniversary of True Father's ascension."

The 2nd gen and 3rd gen who attended GTGY received True Parents' love and wrote many testimonies. We would like to share a testimony.
