April 20, 2017

After the dedication ceremony, we held 3-day leader's assembly from April 17 to 19 and one-day special meeting on April 20th, 2017. Regional President Rev. Lee invited professor Gil Young Hwan to share about leader school of CIG HTM and his implementation experience in Asia. Dr. GIL emphasized the importance of "Hoon Dok Jeongsong of Mind & Body purification" and "Relationship of Trinity" based on True Father's words. He inspired all leaders to dream big and create clear Vision and Mission. This is important for leaders to widen their views and mindset to breakthrough 2017 toward Vision 2020. We also learned the skill and ideas of well coaching to improve ministry for our guests and build trust and good relationship with others.

On April 20, 2017, we had a one-day leader's meeting for all GCR leaders. During the discussion, all the participants shared about their vision and goal for their mission. Everyone determined to do the best to breakthrough 2017 toward 2020 through the unity with Special Emissary Dr. Oyamada and Regional President Rev. Ker-shung Lee.
