

## 2017 Autumn Chung Pyung Special Great Works - Opening HyoJeong Marina

Gi Seong Lee  
November 3, 2017

### The official opening of HyoJeong Marina

The official opening ceremony of HyoJeong Marina was held with members from around the world on 9.15 of the heavenly calendar in the 5th year of Cheon Il Guk (November 3, 2017). Without reservation in advance during 3 days of the Great Works, it wasn't possible to ride in the boat, so many people queued for this. The members who rode in the boat showed their enthusiasm to ride again next time with their faces still burning with excitement. On 7.19 of the heavenly calendar in the 5th year of Cheon Il Guk (September 9), the dedication ceremony had been held for HyoJeong Marina with True Parents and this time the HyoJeong Marina was officially opened.

The HyoJeong Marina located next to HyoJeong Café was sanctified by True Parents during the dedication ceremony of HyoJeong Café. Located in front of True Parents' room at the Original Sanctuary, HyoJeong Marina was newly constructed above the same old dock. If one enters the HyoJeong Marina, one can take a look at the newly purchased HyoJeong I Boat. A 25-seater (excluding the driver's seat), HyoJeong I Boat boasts two Mercury 250-horsepower engines that totals 500 horsepower, and 40 knots (about 74 km/h) when fully loaded. HyoJeong I Boat can be reserved by churches which will allow people to take a pilgrimage across Cheonshim Lake and experience True Parents' heart of devotion as they fished and led the ocean providence.
