On the 1st day and 3rd day (November 5) of the Great Works, the Fulfillment of Wishes Prayer was held at the Jeongshim Won (prayer hall) where True Parents had offered lots of sincere devotion. Seiji Takagi, lecturer of the Japanese Training Office, was the master of ceremony on the 1st day and In-pyo Moon, section chief of the international Team, was the master of ceremony on the 3rd day.

True Parents of Heaven, Earth and Humankind opened up the fulfillment of Wish Prayer as a channel for our members to connect with so that we can untangle our spiritual knots and remove the resentful spirits so that we can live a healthy life immersed in True Parents' love.

The members from around the world filled Jeongshim Won (prayer hall), praying and offering devotion, and we could see how intense the atmosphere becomes in the hall. The Special Prayer Room Prayer was also held following this.
