President Gi-seong Lee and Chung Pyung team returned to Korea after successfully hosting the 'Hyojeong Chung Pyung Special Event in Brazil', which was held for 3 days in South America, where True Parents had devoted themselves with assiduity. The first purpose of this event was to teach South Americans all about the age of the Chung Pyung Works in which the substantial Holy Spirit moves, and the second reason was to establish the second generations' mindset of the unification with the True Parents of Heaven, Earth and Humankind. The third was to gather support for the victory of the Vision 2020. This effort include the activities of the Heavenly Tribal Messiah and the creation of the substantial foundation for a new start centering around the new president of FFWPU-Korea. Fourthly, the aim was to establish the spiritual foundation for the victory of the rally with 100,000 participants officiated by True Mother.

From December 8, the event was held in Brazil, Chile, Peru, Paraguay, Uruguay, Argentina and Bolivia. In total, 7 countries and 1,508 people attended the Sao Paulo Church in Brazil. Among them, were 414 applicants for the Ancestor Liberation Ceremony, 264 for the Ancestor Blessings Ceremony, and 4 for the Spirit and Physical World Matching Ceremony.

On the first day, President Gi-seong Lee visited the church in Sao Paulo at 11:45 am and walked around the special prayer room. The prayer room had been prepared carefully; True Parents' esteemed portrait was put in the center, and there were the portraits of Heung Jin Nim and Hyo Jin Nim on the four-position foundation, and Dae Mo Nim. President Gi-seong Lee joined hands with Director of Central America Sang-seok Kim, UPF President, Dong-mo Shin, and President of FFWPU Brazil, Sasaki, Special Envoy of Brazil, Jeong-moon Lee and In-seong Kwon to pray. And he made a benediction for the leaders to be able to remove the evil spirits as the Chung Pyung lecturers do. He also asked them to give love to all the participants on behalf of True Parents so that they experience the spiritual authority. Then at 8 p.m., the lecturer In-pyo Moon gave a special lecture on Chanyang Yeoksa. After he taught everyone how important the Chanyang Yeoksa is, they attended the Chanyang Yeoksa with a burning passion in their heart.

Following the first lecture, on the second day at 6 a.m., the 2nd lecture on Chanyang Yeoksa was given by In-pyo Moon during the Hoon Dok reading. Next, they watched a screening of 2017 HyoJeong Azalea Festival in Chung Pyung. In the morning, Chanyang had a one-hour session from 8 a.m. and the opening ceremony took place at 10 a.m. with an education from the Continental Headquarters. Following a teaching and the greeting of Director Sang-seok Kim, President Sasaki gave lectures on the Heavenly Tribal Messiah and national restoration. He emphasized that achieving the Heavenly Tribal Messiah is our destiny for all blessed families, it is not just following the command. And he declared that South American Church Leaders will hold a big rally in Brazil hosting 100,000 people with True Mother. Following this, there was the 1st lecture on 'Understanding True Parents' Chung Pyung Providence' by President Gi-seong Lee and a screening of 'HyoJeong Cheonwon Chung Pyung Holy Ground'. President Gi-seong Lee said in a greeting, "True Parents love so much South America where They spilled blood, sweat, and tears. They love you more than you love yourselves and love Brazil more than Brazilians love Brazil. Furthermore, They worried about your ancestors more than you did so They gave you grace to receive Chung Pyung Works here by connecting the whole foundation from Chung Pyung. It was an incredible moment in Brazil, as the same grace was present there as it is in Chung Pyung where the Holy Spirit is in motion. He explained that there would be a surprising grace for those who offered a lot of devotion. With True Parents officiating heaven and earth they were sure of receiving the amazing grace and blessing and applauded True Parents for their gratitude.

After that, President Gi-seong Lee had time to look back on the Chung Pyung Works' 46th anniversary and carefully explain about True Mother's HyoJeong Cheonwon Chung Pyung Holy Ground before watching a screening. President Gi-Seong Lee conducted the 2nd lecture on 'Understanding True Parents' Chung Pyung Providence' for 1 hour from 4:20 p.m. and he introduced the grace of removal of evil spirits, Ancestor Liberation, and Chanyang Yeoksa. After that he gave a lecture on the providential restoration based on HyoJeong (a filial heart for Heaven). He gave unlimited glory to Heavenly Parent and True Parents who fulfilled Their dreams. It was time for the South Americans to pledge to become ancestors of our tribes that were honored for eternity in the Cheon Bo Won (heavenly genealogy center) by accomplishing the heavenly tribal messiahship.

During the evening, there was a rehearsal for next day's events such as the Prayer-Wish Offering Ceremony for Restoration, Ancestor Liberation Ceremony, Ancestor Blessing Ceremony and Spirit and Physical World Matching Ceremony.
