Exploring
important
questions
together

TUESDAY, APRIL 23 • 7 PM ET

HJ International Graduate School for Peace and Public Leadership is pleased to co-host a special program with the Higher Purpose Forum (HPF). **We invite you to register for *Evolutionary Creationism: A New Perspective on Purpose & Human Origins* to be held on April 23 at 7 PM ET.**

Mr. James Edgerly, Director of Higher Purpose Forum will be the host of this event.

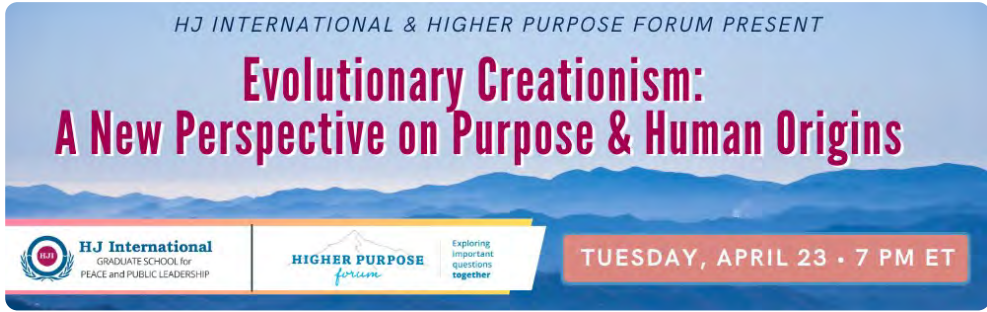

Dr. Andrew Wilson, HJI Professor of Scriptural Studies, will explain the “anthropic principle” in the creation of the universe and the succession of life forms described by evolutionary biology, understood as stages of growth. In both astronomy and biology, these stages can be understood as unfolding processes towards the realization of the purpose of creation, which is human beings, the children of God.

Alison Wakelin, Assistant Teaching Professor, Widener University will be the respondent.

Join the exploration into understanding human origins as a basis advancing the unity of science, spirituality and religion. The program will conclude with a Q&A with the audience. We look forward to seeing you at this event!
