Host
James Edgerly
Director, Higher
Purpose Forum

Dear Gary Peterson,

HJ International Graduate School for Peace and Public Leadership is pleased to co-host a special program with the Higher Purpose Forum (HPF). We invite you to register for "Our Future with AI: Bright Horizon or Dark Fate?" to be held on **Wednesday**,

Self-driving cars, facial recognition, and ChatGPT - these are just a few examples of the rapidly advancing tide of artificial intelligence. Will AI unlock unprecedented levels of human productivity and creativity, or will it reshape the world in a way that leaves many of us on the sidelines? Hear from an AI maximalist, an AI existentialist, and a religious scholar, then join the conversation.

Mr. James Edgerly, Director of Higher Purpose Forum, will host of the event. You will have the opportunity to hear from our speakers **Mr. Zach Goodwin**, Founder and CEO of This January, **Mr. Chris Wright**, Founder of Artificial Intelligence Trust Council, and **Dr. Thomas Walsh**, HJI President.

We look forward to seeing you there!
