

"We Can Do It" is coming to Europe

Matthew Huish
January 1, 2017

We are happy to announce the very first European “We Can Do It” workshop on tribal messiahship with Demian Dunkley, the U.S. national director of evangelism, to be held on 27 to 29 January 2017 at the Neumühle Training Centre in Bad Camberg, Germany. He will be accompanied by his assistant, Karlsun Allen.

This workshop, which will be conducted in English, was designed for families who want to be more active in tribal messiahship, and it has been received very well by American communities. We would like to learn from this new approach and see what works for our nations in Europe and then hold similar workshops on the local level. On the other hand, the Americans also would like to learn from us. Thus, we can create a fruitful exchange of ideas and experiences, inspire one another and experience the joy of learning to do what our Heavenly Parent and True Parents would like us to accomplish while on earth!

The workshop will have the following components:

- 1) One-day special workshop for leaders:
 - Arrivals: 26 January, Thursday evening
 - Begin: 27 January, Friday morning, with Hoon Dok Hwe
 - Topics: organizational aspects of tribal messiahship in the communities: creating structures, trinities, supporting members
- 2) Two-day workshop for leaders plus families from surrounding cities:
 - Saturday, 28 January: 9:00 a.m. – 7:00 p.m.
 - Sunday, 29 January: 9:00 a.m. – 4:00 p.m.
 - Topics: How to build up our tribe with a clear vision and maximal freedom and creativity, creating a cultural shift from a church-centred movement to a tribal structure with tribal messiahs taking ownership.

Location:

- Neumühle Training Centre, Bad Camberg, Germany

Costs:

- 3 full days with full board and including workshop fee 120 €
- weekend workshop including overnight stay in Camberg 80 €
- weekend workshop without overnight stay 70 €
- conference materials are also included

Registration:

- Will be open soon

Who can participate?

- Every nation can send one or more representatives—the national leader, witnessing coordinator, city leader, or tribal messiah—who can share good experiences and is ready to hold similar workshops in his

or her nation. Since tribal messiahship is a family mission, couples and young people are encouraged to participate.

Materials:

- Included in the workshop is the newly developed Tribe Kit for each family, which contains:
 - A Special Tribal Messiah HDH book (selected readings from the Holy Texts)
 - Two Tribe Handbooks (used in the workshop)
 - Two Three-Month Planners (to chart your activities for the next three months)
 - Additional resources
 - Access to online tools which will be constantly updated
 - Follow-up support for the community

Preparation:

- Demian Dunkley is encouraging all participants to watch all the [videos on this page](#) as homework before the workshop and is asking them to participate in the [associated survey](#).

Letter of explanation from Demian Dunkley

Dear family members,

We all know that we are called to fulfill tribal messiahship, but many of us may feel we can't do it. We may still be questioning what exactly tribal messiahship is, and what's expected of us? We may be asking how to do it practically, or who to do it with? Some of us are active, but wish we could be doing it together. There are many reasons why we may feel like we can't do it alone, and that's why True Mother is asking us to do it together. If we work together, I think we can make progress.

The purpose of this seminar is to answer some of the questions and remove some of the obstacles that may have been slowing us down. It's an opportunity to envision a clear pathway for our community to get started with the tribal messiahship movement together. During the seminar we will:

- Create a renewed vision for our culture and direction
- Form or strengthen our trinity
- Feel freed from our concepts about witnessing
- Review the resources available for tribal messiahs
- Set some inspiring goals together
- Set it all in motion with some action

Read about the great experiences in both [Columbus, Ohio](#) and [Elizabeth](#), New Jersey. We just finished a great workshop in [Bridgeport](#), Connecticut, and we are now conducting the We Can Do It workshop in the Maryland Community. Soon we will be in Germany and more locations. It's a great time to catch the wave!

It's a family affair! If you can, please attend as a couple. Your older or adult children are also welcome.

So, if you feel called to bring a victory through tribal messiahship, even if it means changing some of the ways you do things, then please come and contribute to this seminar.

Thank you,

Demian Dunkley
