February 11, 2018

A two day Divine Principle Seminar was held on 9-11 February in Cleeve House, with 16 participants, 5 of them staff. Guests came from Birmingham, London, and Wales. Our thanks go to the newsletter staff and their prompt advertising.

Ed Stacey and Carlo gave the lectures, Bernard Chellew was the coordinator.

The evening entertainment featured our favourite musicians, Bernard, Tom Pritty and David Mann, supported on double bass by our old friend David Silk.

Some of the comments from the guests:

"I have been on a spiritual journey for the last 8 years and a lot of my questions have been answered".

"I gained the most from the lectures as they were focused on how to live a good life, be a good person and grow spiritually".

At the end of the seminar, two guests asked to attend a 7-Day workshop. We have booked 6 days from March 25th in Cleeve House. It will be organized by the West Country and Wales. (Please see the flier.)

We would like to invite guests and members.

"The more you listen to these words, the more Heaven will come and help you" (CSG, page 258 – Ch5, 33).
