Come to the Annual Gathering Festival, plenty of newly transferred films from the 70's, 80's and 90's of True Father and Young members from those days. To celebrate the 50 year Jubilee founding of the church in the UK, there will be exclusive screening of several previously unseen historic films of our UK movement at the Annual Gathering Festival. Good attraction! Good reason to attend the annual gathering festival!

You won't find these anywhere else, not online, only at the Annual Gathering Festival.. Watch Bernard Chellew performing at London Covent Garden CARP rally in 1989.... See the third ICUS 1974 in London, True Father and Mother talking to members in 1978 at Lancaster Gate, and see members of the IOWC of Great Britain...
