Price: £80 (approx €100)

Cleeve House, UK

Presenting the long-awaited Art Workshop! For youth from the UK and Europe, a multi-disciplinary workshop for bright young creatives who are passionate about art – navigating life, faith, careers and creativity.

There will be a unique combination of presentations, discussions and hands-on practical work, including a day trip to major London galleries. Every person's personality, creative background and artistic style is entirely unique, and it is the aim of this workshop to embrace and encourage this. Whether you like to paint, draw, make, film, animate or design, there is a place for everyone.

So let's come together and make it happen!

Applications open from 1st July, please email your name, age, country and the type of art you make (optional) to Rika Jones: artsworkshop14@gmail.com
