The Chung Pyung 2-day special workshop, held from November 15 at the Chung Pyung Heaven and Earth Training Center, marked the 1245th workshop, gathering 1,500 people from all parts of the world.

Rev. Gi-seong Lee, President of the Chung Pyung Heaven and Earth Training Center, presented a special lecture, emphasizing that we are now living in the Cheon Il Guk era and that those who live with a posture of absolute faith, absolute love and absolute obedience to the True Parents of Heaven, Earth and Humankind, are able to experience the infinite power of heaven.

Rev. Lee pointed out that although great men lived in the past, the one most important task which those great men of the past could not achieve was precisely the precious value of the blessing.

He noted that True Parents said we 'should incarnate completed love and, inasmuch as True Father sacrificed himself, through walking the path of True Parents, drowning himself for the sake of humanity, we should strive to achieve a unity of heart with True Parents.'

The following day, the Ancestor Blessing Ceremony and the Spirit World and Physical World Blessing Ceremony were both held at the Cheongseong Wanglim Palace (Heavenly Palace).

Following the opening prayer, offered by Rev. Lee, the Blessing Ceremony was officiated by Kyeong-seok Lyu, President, FFWPU Korea, together with Heung Jin Nim and Dae Mo Nim.

During the ceremony President Lu pointed out that in order 'to live in the period of pure well-being, one must develop a good human nature,' and he emphasized that such growth 'should be developed not only for the physical body, but for the spirit and soul as well.'

The manual for a true humanity is 'the words from True Parents' and 'all 7 billion human beings must learn these words, the words which depend on True Parents.' Furthermore, 'when God's Heavenly Tribal Messiahs fulfill their mission and the entire Spirit World supports the people of Cheon Il Guk, then our families and our children can support each other, and there will be no reason why we cannot live with happiness and goodness.' If everyone wishes to live happily, this is the way. We can find our identities when we follow the words.
