

Memo from Chung Pyung Regarding Cancellation of Workshops

Gi Seong Lee
June 19, 2015

Beloved members from all over the world!

Many warm greetings from Chung Pyung.

Following meetings held by the heads of all Cheongshim Group organizations and medical professionals from Cheongshim International Medical Center, it has been decided that all ongoing workshops in Heaven and Earth Training Center will be cancelled from June 22, 2015, until further notice. We are expecting it to be a period of about 3 weeks, but it is not clear yet.

This conclusion was drawn for the protection of the trainees from MERS, which has been an issue in Korea for about one month now. We have not had any patients or possible patients in any Cheongshim facility up to this point, but it has been decided that it is best not to accept trainees until the spreading of MERS in Korea has stopped. There is no vaccine against MERS at the moment and the death rate is relatively high, so the government is strongly recommending to refrain from holding any gatherings of large numbers.

We are asking the 40 day trainees attending at the moment to go home as soon as possible. The 196th General 40 days, and 105th Blessed Wives 40 days have been extended until further notice, and the 197th Summer 2 Gen Workshops (both Middle-High School and University) have been cancelled for this year. If you are considering to extend your flight date, please choose a date after August, when hopefully the situation will have changed.

Ancestor Liberation and Blessing Ceremonies will not be held during this period either, so please do not send donation until further notice. What has been already received will be done this weekend, on June 21, 2015.

We are truly sorry for any inconveniences this might have caused. Please contact us if you have any questions or need more information.

We will send an official memo soon.

May Heavenly Parents and True Parents' love and blessings always be with you and your family.

Sincerely,

Heaven and Earth Training Center International Office
