### **The love of True Parents through "the Autumn Chung Pyung Special Great Works"**

For 3 days, from 9.11-13, on the 3rd year of the Heavenly Calendar (solar: October 23-25), amazing miracles took place in Chung Pyung. For the Special Great Works, a total of around 22,000 people from 69 nations visited this holy land of Chung Pyung. Many members who participated in this Chung Pyung providence directly led by True Parents shared the grace of Heaven and kept their seats from the first session till the last chanyang.

Through the victorious 3rd Universal Seonghwa of True Father, we can now all experience the ultimate unity between the spirit world and the physical world. This period indeed allowed us to experience the pouring miracles of Heavenly power and authority.

During this period, Hyo Jin Nim and Heung Jin Nim completed the brotherly love according to the words of True Parents; spreading the golden spiritual power of amazing give and take action all over Chung Pyung.

Endless numbers of blessed families in Heaven descended on earth with Heavenly armies and angels to praise and offer og mansei to True Parents of Heaven, Earth and Humankind for granting such amazing grace of 'Heavenly existence,' 'Heavenly love,' and 'Heavenly blessing' in front of the whole wide cosmos.

Below is the victorious news from 'the 2015 Autumn Chung Pyung Special Great Works' granted and prepared by our True Parents.

### **Opening prayer of gratitude**

'The 2015 Autumn Chung Pyung Special Great Works' began with an opening prayer to Heavenly Parents and True Parents of Heaven, Earth, and Humankind in Jeongshim Won at 6:30 AM on September 11 of the Heavenly calendar.

Member T (Male in his 60s) from Fukuoka, Japan testified that "On the first day before the opening prayer, I had a vivid dream. I was standing in a park that looked like Chinhwa Park where True Parents were completely united in heart and body."

As we can see, the members, with open spiritual eyes, began to experience the spiritual energy of this brighter and stronger Chung Pyung.

Jeongshim Won was full of members from around the world who came to visit the Chung Pyung holy land. The opening prayer ceremony led by Vice-Director Myung-gwan Lee went in the order of the singing of the Cheon Il Guk anthem, Kyeong Bae, Family pledge, and was followed by Director Ki-sung Lee's Hoon Dok and prayer. Especially at this opening prayer ceremony, Udumbara frame bestowed by our True Parents was displayed in front for the members to admire. The Udumbara, representing the love of True Parents, filled the atmosphere of Jeongshim Won with warmth and inspired the members through its glowing lights resembling fireflies.

Monk Ji-hye Kim suddenly paid a visit to Director Ki-seung Lee. Upon arrival the monk said "I am here because True Father appeared spiritually and asked me to visit Chung Pyung. You have no idea how many Heavenly soldiers are behind Chung Pyung. I cannot look up with my eyes." Such were the works of Heaven encouraging and empowering us.

At the opening prayer ceremony, Director Ki-sung Lee read Book 2, Chapter 3 Section 2:11 of the Cheon Il Guk Script, Cheon Seong Gyeong.

"Human beings are born from a mother's womb as descendants of the Fall. Hence, to enter into new life, they need to be embraced by the Mother's love. This is the love of the Holy Spirit. The Holy Spirit is the Mother spirit. With love this Mother spirit uplifts and embraces Jesus, who is the spiritual Father. The Holy Spirit yearns for Jesus, and the energy that flows from the power of her love for him is something you can experience. When you receive the Holy Spirit, it comes to you as a fire. With such an experience, new life can arise within you. It means that you have experienced the feelings of love between the father and the mother in the mother's womb. Unless you feel this sensation of love, you cannot be born into new life. I am saying that there can be no birth of new life without love. This is what is called rebirth in Christianity."

Next, Director Ki-sung Lee, through his representative prayer, offered gratitude to our True Mother who lived like the ocean, absolutely one in heart, in body, in outlook and in harmony with True Father and in a victorious position of having achieved ultimate unity, completion, perfection, and finalization stands amidst us; guiding us with a fire of the holy spirit as bright a daylight.

Vice-director Myung-gwan Lee then graciously led the participants through holy song No. 6 'Grace of the Holy Garden' and the prayer of unison. All members, with a heart full of grace, participated in the opening prayer ceremony.

Chief of Witnessing Department, Mr. Yoshitomo Yamada (360 thousand couples) from Meishin Church, Kita Aichi Prefecture testified the following: "I felt gratitude towards True Mother for having set the conditions for this Great Work. I was spiritually moved during the opening prayer ceremony. Through True Parents Words, I was able to understand rebirth through Jesus and the Holy Spirit and well as the importance of ancestor liberation, all of which I was not able to hear in Japan. Upon such foundation I shed lots of tears that cleansed my heart, especially through Director Ki-sung Lee's prayer which united me with Heavenly Parent and True Parents. I repented my insufficiency in front of heaven and regretted not having completed my Heavenly Tribal Messianism, while Heavenly Parent suffered through the providence of human restoration. I realized that although True Parents have liberated our Heavenly Parent we humans still have not been completely saved, which made me understand the sorrowful heart of Heavenly Parent and His longing for complete salvation. All this made me repent again and again. During the prayer in unison, I felt the grace and the desire of Heavenly Parent and True Parents who always want

to love us; as well as Hyo Jin Nim, Heung Jin Nim, Dae Mo Nim, and the conditions set by all True Children in the spirit world."

### **The Grace of Chanyang Yeoksa and the Prayer for the Fulfillment of Wishes**

During this period of Great Work, there were 3 chanyang Yeoksa per day, a total of 9 sessions in the period of 3 days. During these chanyang sessions, 40 days workshop participants led the sessions.

Ambassador for Peace, Mrs. K.S. from S. Temple in Fukuoka, Japan gave the following testimony which supported the magical work of grace. "I am here in Chung Pyung once again but this time, for the first time during the chanyang session, I was sure that my sins and fallen natures were being washed off and the agonies in my heart were being healed. I experienced that we have indeed entered an era of True Parents' direct dominion and direct separations of evil spirits. Compared to last times, this chanyang sessions felt different. In fact, before coming to this Great Work, I dreamt True Mother standing in front of Jeongshim Won. So I was overjoyed at being able to spend long hours in prayer and meditation, as well as offer 120 bows in Jeongshim Won. I shed tears because I felt my prayers were being heard. After filling out the wish paper, I began a sincere prayer and for the first time I was able to offer a deep heartfelt prayer. I was moved by the external beauty of Chung Pyung and the internal contents of the program."

### **The Great and Amazing Love of 'Heaven G Burger'**

Especially, "the Great 'Heaven G. Burger' Festival", which was a special token full of True Parents' love was given to every participant from around the world so as to give them the opportunity to experience and

precious taste the love of True Parents.

It was a moment to remember True Parents who they themselves used to eat hamburgers during their tours. This burger was a healthy and nutritious food of heart that they could eat quickly while carrying out Heavenly Parent's providence.

Ms. Y.M (6000 couples 2nd gen) from Tochigi Prefecture said the following about the Heaven G Burger. "The texture is very chewy and delicious. And because of lots of veggies I could feel True Mother's care for our health. I was moved at her desire to give to so many people, and I felt I had to be responsible since I received this special love from her."

Member T.A (International Cross-cultural Blessing Ceremony for World Peace) from Tama Tokyo Church, Japan also said "I came to this Great Work because I heard that there would be the blessing of creation grace. Interestingly, Heaven G Burger was full of vegetables with a thick patty which made the burger very juicy. I felt that by eating this burger full of personally selected ingredients by True Mother, I would take back the heavenly luck to Japan."

### **Special Message from Sun Jin Moon, International President of FFWPU**

During this Great Works, International President Sun Jin Moon gave a special speech. At 4:00PM on the first day, International President Sun Jin Moon and International Vice-president In Sub Park entered the Heavenly Palace filled with welcoming members from around the world. In the following message, she then emphasized that "Certainly for all of us, centering on the 3rd anniversary of True Father's ascension, we have come to know the clear, absolute path of victory that our True Parents completed. I think especially of the recent publication of the Cham Bumo Gyeong, and the completion of the three Holy Scriptures. We have been given renewed hope and grace, opening the way for each of us."

Moreover, she added "True Parents expanded this providence of restoration to incorporate all our ancestors and loved ones in the spirit world. Through our True Parents, the complete restoration of the relationship between humanity and our Heavenly Parent can take place, in both the physical and spiritual worlds. This is why the providential work at Chung Pyung has been such a critical component of True Parent's mission."

Then she continued by reading from Cheon Seong Gyeong and Cham Bumo Gyeong and concluded that "Together with True Father, True Mother completed the original ideal of Heavenly Parent, the three blessings, and the original four-position foundation. This is the root of our movement. She has said that her life has been like a deep ocean; beneath the surface there are so many difficulties and unfathomable sacrifices that she had to overcome. We are so blessed to have our True Mother guiding and loving us. We must honor her love, sacrifice, and victory while she is on the earth; True Father in heaven wishes nothing less than for his children to live with love, oneness, and joy with our eternal True Parents. Not only are our Dae Mo Nim, Hyo Jin oppa, Heung Jin oppa, and all our dear ancestors, saints, and sages in the spiritual world working with our True Mother and all of you here today! We also know that True Father's spirit is also here with us today!" Through her powerful message, International President Sun Jin Moon declared for all of us to fulfill our portion of responsibility.

### **The Special Great Works in the presence of our True Parents**

The greatest blessing among this Great Work was the gracious favor of our True Parents visiting the training center and embracing all the members with great love.

On the 2nd day at 3:00PM, True Mother carried out the 'True Mother Special Assembly: Chinhwa Park Opening'. This event was broadcasted to all members waiting for True Parents at the Heavenly Palace. Centering on our True Parents of Heaven, Earth, and Humankind spiritually and physically; the Chinhwa Park Opening took place with Yeon Ah Moon, President, WFWP International and other 100 or so public leaders. The event was led by Vice-director Myung-gwan Lee in the order of Kyeong Bae, offering of flowers, commemorative photo-shoot, opening declaration, benediction, tape-cutting, planting of the commemorative tree, and touring of the park.

In True Mother's 'Chinhwa Park' offering prayer were the precious value and meaning of this holy land of Chung Pyung prepared in blood, sweat, and tears by our True Parents solely for the future descendants. Heavenly Parent and True Parents blessed us so that the heart of every member and every person visiting the park could become one.

True Mother, in her prayer said "Beloved Father, we long for you endlessly in this beautiful season." As she was moved to tears with yearning, all participants could not control their heart soaked with longing for True Father. Everyone became one in heart with True Mother.

## **True Parents Special Assembly**

At 4:00PM, the '2015 Autumn Chung Pyung Special Great Works True Mother Special Assembly: Part 2' took place in the Heavenly Palace in the presence of our True Parents of Heaven, Earth, and Humankind.

The True Mother special assembly, led by Director Ki-sung Lee followed the order of Kyeong Bae, Opening declaration, the singing of the Cheon Il Guk anthem, and prayer report.

Kyeong seuk Ryu President of FFWPU – Korea, through his prayer reported the following to Heaven:

"Please guide us so that we, like the clear petals of blooming flowers, can live a life full of hope within our heart, as desired by Heaven."

Once True Mother entered the main hall, the members were overjoyed with her presence and did not stop clapping and cheering.

Moreover, during this event, 400 members formed a united choir and sang 'Mission' and 'Pledge;' offering glory and praise to our Returning Lord, the only begotten son and daughter, our True Parents. Director Ki-sung Lee, listening to the 400 members sing 'Pledge' testified that he was moved to tears, remembering those early days of hunger where he too sang 'Pledge' in the pioneer church.

After watching the beautiful and glorious video, True Parents finally came on stage to speak to all of us. All members from around Korea, Japan, and the rest of the world who came in search of True Parents saw True Mother's face directly and were overjoyed at hearing her voice.

In her opening sentence of "With what heart are you here? Are you here with a passionate heart longing to see True Parents?" we could feel the multitudinous stories and heartistic feelings of our True Parents.

The speech 'In search of the origin of the universe... We want to live with True Parents in the original homeland' was a precious message engraved with the heartbreaking providential history and the painstaking work of Heaven in search of the one and only True Mother.

We could all feel from the bottom of our heart the great blessing and glory of living, meeting, and serving True Parents in the same era while realizing how Heaven established the people of the East and the Han Empire (True Mother's family name), all in search of the one and only daughter in this nation, among this people of Korea.

"If you compare Chung Pyung to a human body it will be the womb. A womb is a place where you can create a new life. Chung Pyung is a place where a fallen wild olive tree could be grafted and created into a true olive tree." To this precious message, the members offered endless gratitude.

True Mother revealed that True Father's love appeared through the 'Udumbara' and True Parents have allowed us to experience it. Moreover they have opened the way for us to spread this love to the rest of the world.

The members, to get a glimpse at True Mother's countenance and spend another minute in her presence, swarmed around Cheongshim Tower and the Tree of love.

Myeong-ja Jeon from Suwon Church was so touched. She said "I was so happy to see True Mother's holy site. It was a tear-filled moment of joy. I felt I had made an excellent decision to come to this Great Work and stay through all the programs till the end. I was reassured of our victory and every moment was overflowing with Heavenly grace."

Church leader Tae-ook Shin from Gimcheon Church gave the following reflection. "I repented and reflected on myself. I confessed my inadequacy and could not raise my head in front of True Parents. With such heart, I attended every chanyang session and I could not control the tears pouring down my face. Through this Great Work, I sought forgiveness in front of True Parents for being such an insufficient child and I resolved to become a responsible child promising to end Heaven's worry and complete my responsibility as a loyal child. I hope Heaven will trust us once again so that we can repay the endless love bestowed upon us during this Great Work."

I pray and wish for his presence and guidance in our everyday life."

Next, Director Ki-sung Lee read the precious message given on the 'True day of all things.' "You need to make your life an offering and create an environment where God can dwell with you. Especially Hyo Jin Nim was waving at the members and supporting them with a big smile on his face. True Father as well as Heung Jin Nim also had very bright faces. I heard that during this Great Work the ancestor liberation and blessing automatically connects to the work of turning them into absolute good spirits in the spirit world.
