3rd week of November: True Parents who answer to our prayers

Experiencing the incredible love of True Parents of Heaven, Earth and Humankind; all participants are being reborn with a unified shimjeong of one heart, one body, and one outlook, promising to become Heaven's true children who can march forward with no stop. This week over 3,800 participants came from all over the world. Below is a summary of last week's work of grace.

1. 1293rd Chung Pyung special 2-day workshop

The 1293rd Chung Pyung special 2-day workshop took place in full grace during October 10 to 11 (2015. 11. 21~22) on the 3rd year of Cheon Il Guk Heavenly calendar. As if it were a Great Work period,

countless number of participants came for the 2-day workshop. This is all because the 'heavenly fortune' controlled by True Parents of Heaven, Earth, and Humankind is here at this moment. All the participants know that it is the result of the dead set on, life and death act of principle by True Parents of Heaven, Earth, and Humankind who are both working in Heaven as well as on Earth.

During the opening ceremony, Director Ki-sung Lee read Book 7, Chapter 4 Verse 3:32 from the Cheon Il Guk Scripture Cheon Seong Gyeong.

"It is giving your ancestors the Blessing. You should bless your parents and grandparents on the earth, your ancestors in the spirit world, and your family and relatives. Centered on your clan, you should bless your descendants and save your ancestors, who are in the position of Cain. If the way to the Blessing is blocked, no one will save them. If you clearly know this and yet fail to carry it out, who will take responsibility? No one will. You have to take care of your own clan."

Moreover, in the following message, Director Ki-sung Lee spoke on the life course of Heavenly Parent and True Parents.

"Looking at the continuous fallen history of evil resulting from the inheritance of satanic evil blood due to the fall of the human ancestors Adam and Eve, we know that humans all carry fallen nature which actively maneuvers us through satanic blood. To this God sent Jesus Christ on earth in order to restore those humans with satanic blood into people with Heavenly Parent's blood lineage. Although he was not able to achieve his will back then, he continuously tried to restore human into ideal beings by restoring the blood lineage through the marriage blessing of people on earth as well as the spirits in the spirit world through the True Parents of Heaven, Earth, and Humankind – the returning Messiahs. "

Director Lee went on to explain how True Parents added Heaven and Earth in front of Chung Pyung Training Center because it is a place that cleans the sins of humans on earth and free the spirits from their sins in the spirit world.

Being a meaningful weekend because of the Spirit World and Physical World Blessing Ceremony as well as the ancestor blessing ceremony; 1,510 people registered for the ancestor blessing ceremony, while 597 people registered for the Spirit World and Physical World Blessing Ceremony. During the Cheongshim Today News shown before the main lecture, reports were given on the Spirit World and Physical World Matching carried out during the 1292th 2-day workshop the previous week. A testimony from Member F.H (70s, female) of Minami-Osaka Parish, Japan was shown.

"My husband passed away 6 years ago and although I carried out the ancestor liberation, when I heard of the Spirit World and Physical World Blessing Ceremony, I really wanted to participate. I began crying as soon as the spirits were called into the hall during the matching ceremony. When the MC said 'Now, the spirits are all standing next to you,' I began wailing because it felt like my husband was really holding my hand. I spent those precious moments telling my husband about what had happened in the family in his absence. I also asked him for sincere help. It really felt like from now on I would be living together with my husband."

Such stories touched the heart of many members participating in the Spirit World and Physical World Blessing Ceremony and helped them experience the spirit world as well as receive greater blessing.

Next was an hour of chanyang session. Many members filled the Grand Hall and diligently participated in the chanyang session so that they could experience the joy of the Holy Spirit.

Followed was the precious moment to watch the video of True Mother's speech given at the 2015 Autumn Great Work. It was an incredible moment to understand how lucky and fortunate we were to live in the same era with True Parents and also given the opportunity to serve them.

True Mother's speech was followed by another half hour of chanyang session and concluded with a prayer at Jeongshim Won. The next day during Hoon Dok Hae, participants the core message given to humanity by True Parents in Book 3, Chapter 2, Verse 3 of Cheon Seong Gyeong which said that the owner of the wife's organ of love is her husband and the owner of a husband's organ of love is his wife. Moreover the reproductive organs, with which a man and woman make love, are the original palace of love, the original palace of life and the original palace of lineage. This reminded all the members participating in the ancestor liberation, ancestor blessing, and the Spirit World and Physical World Blessing Ceremony of the importance of lineage between husband and wife.

Followed was the chanyang session for the ancestor liberation which was carried out together with participants from the '2nd 2020 Vision Korea TOPGUN 21-day Chung Pyung Special Workshop.' Screaming out loud in repentance and chasing all evil spirits from deep within the body by clapping their hands until they swelled; all participants spent a grace-filled moment, asking for a new life and the

strength to cut off all evil ties by inheriting Heaven's 6,000 years of sorrowful shimjeong.

Lastly, led by President Kyeong Seuk Lu of FFWPU – Korea, the most important event of the day, the ancestor blessing ceremony for 1st till the 273rd generation, was carried out in the Grand Hall of the Heavenly Palace. From this event onwards, assistants on stage, dressed in a beautiful two-piece suit, carried out the sacred blessing ceremony in a new environment.

President Lu, as officiator, offered gratitude and glory to True Parents of Heaven, Earth, and Humankind for allowing us the grace of Ancestor Blessing Ceremony as well as the Spirit World and Physical World Blessing. He then emphasized the importance of our work until January 13 of next year's Heavenly calendar so that we can succeed our 4 year course from 2016 to 2020 in order to proclaim victory in the year 2020.

Apart from carrying out the Ancestor Blessing Ceremony, a pilgrimage to the Cheong Jeong Gung Museum was planned for workshops held on the 3rd week of every month. This allowed about 600 people to go on a grace-filled pilgrimage.

Among this week's testimony, we have a story from a member who carried out a collateral liberation during this 2-day workshop.

Member M.U. (Previously married couple, 50s, female) from Minami-Chiba Parish, Japan said that she participated in all the 4 Great Works carried out this year and also completed the liberation of up to 210 generations for all the eight blood lines. Moreover, she testified that "I carried out the collateral liberation which separates the central evil spirits because of my husband's illness and he soon recovered his physical stability and mental temperament. More than anything, we were blessed with an unexpected grace of having my husband nominated as the next executive of the company. Added to all that, the blessing which did not work for my daughter in the past 5 years all began to work out smoothly and we were suddenly introduced 2 matching requests. I truly felt the growing power of True Parents' direct work of grace."

In addition, she also passed on the story of her home group leader who registered for the collateral liberation of central spirits for her husband, her elder son, and her second son last August; followed by another one for herself and her mother in September. Amazingly, her second son, suffering from autism suddenly made hand gestures requesting for food and is now able to sleep well.

2. the Grace of 199th 40-day Chung Pyung special workshop

As we await the 200th 40-day workshop, many precious programs are being prepared. At the same time endless testimonies are given this week as well from participants of the current 40-day workshop.

Member Jae-eun Park (36, female, 2nd gen, 2015 Cosmic Blessing Ceremony by the True Parents of Heaven, Earth, and Humankind) from Gyeonggi Byukbu Parish, Hwado Church gave the following testimony.

"Through long conditions, I was blessed on the same day as my elder brother and my sister-in-law got pregnant with a beautiful baby boy. We all came together for the married sisters' 40-day workshop. Reminiscing the past days I spent fervently offering conditions and looking back to all the answers Heaven has given me to the desperate prayers offered here, I participated in this workshop with the determination and promise to become a true filial daughter who can realize the hope of Heavenly Parent and True Parents. On my 30th day into the workshop, I visited the hospital to check the 5cm lump found in my uterus, next to my right ovary. Surprisingly, I was told the lump was completely gone. Back in 2013 I had a four and a half hour surgery to remove a 10cm and a 5cm lump found in both ovaries and I hoped this time the lump would go away without any further surgery. Seeing it completely disappeared, I was extremely surprised and grateful."

Also, member K.I (20s, 6500 couples, 2nd gen, female) from Tama-Tokyo Parish, Japan said "Through chanyang session, all my past sins flew through my mind. And when the lecturer separated the evil spirits from my body, I heard a voice telling me 'I want to save you.' In one of my dreams, I was standing right in between Heavenly Parent and Satan. Waking up from a dream where I saw the miserable world reflected through me, I was nauseated for 3 hours and I cried non-stop. Thankfully, this was a precious opportunity for me to start all over with a new resolution."

Member M.M (1275 couples, 50s, female) from Brazil made the following resolution: "While I know my mother was in her 100-day workshop after her passing unto the spirit world, I also came to Chung Pyung to participate in chanyang hoping to get rid of my own sins. In my dream I saw my mother and my grandmother enjoying their time together. The next step I realized is for me to work on the Spirit World and Physical World Blessing Ceremony for my father on earth and my mother in the spirit world."

Mariko Ishida (30, female) from Kita-Tokyo Parish, Adachi Church, Japan testified by saying: "I pushed the blessing for a later date because I had my own goals in life. But through this 40-day workshop, I realized anew the meaning and the value of true blessing through the Divine Principle lecture and the surrounding blessed 2nd generations. Thinking that I was still 'not transformed into Heaven's lineage' made me want to cut off all satanic ties and enter True Parents bloodline through the blessing."

As we can see, the 40-day workshop participants are experiencing Heaven's amazing grace of blessing which solves all problems from disease to tribal restoration, 2nd gen issues, blessing issues and even economic problem.

3. Precious testimonies from the TOPGUN Workshop

Under the fervent care and love of True Parents, 56 TOPGUN workshop participants are currently being born again. Among several experiences and testimonies, we would like to share one from the Japanese group leader, Lecturer Toshiaki Yokoi of Chung Pyung Heaven and Earth Training Center.

"At first, as I began the TOPGUN Workshop, I wondered 'what am I doing in this workshop?' However,

while offering a prayer at Jeong Shim Won during the commencement prayer ceremony to begin anew after succeeding the 3-day course, I was swirled into a deep shimjeong that tried to understand the 'circumstance and heart of Heaven.' At that moment everything was illuminated by a spiritual light and my heart began pounding with an overwhelming heart of longing. I was mesmerized by this light and as it embraced me, True Mother appeared looking like in her 40s. She embraced me with a big smile and True Father also embraced us from behind while saying 'Hyo Jin and Heung Jin are united in the spirit world and are absolutely supporting me. In this manner you should be the hands and feet of True Mother and work hard for her on earth. This is why I have called you here.' Then True Mother gave me the Cham Bumo Gyeong and it felt like this Holy Scripture was nurturing us like the milk from a mother. "

As we can see, as each precious individual is called and trained, all TOPGUN participants are realizing the importance and the need to become the pillar of Heaven who completes the responsibility given under detailed planning from Heaven in absolute obedience because there is deeper meaning and will beyond our understanding.

4. 26th Memorial Service for Soon Ae Hong (Dae Mo Nim)

The '26th Memorial Service for Soon Ae Hong (Dae Mo Nim),' led by Overall Director In-cheon Kim, took place in the Small Hall of Chung Pyung Heaven and Earth Training Center, at 7:00PM on November 16th amidst 200 participants.
