## First week of January: Testimonies bearing the immense works of Heaven

The new year of 2016 has dawned by the solar calendar. In preparation for the coming Birthday of True Parents of Heaven, Earth, and Humankind and the third anniversary of the Foundation Day, the Chung Pyung Training Center of Heaven and Earth (CPTC) is exerting all of its effort to ensure that the blessed family members around the world receive all Heavenly fortune CPTC has to offer.

## **Members are flocking with testimonies even more moving than previous ones**

The 1299th 2-day Workshop (WS), also the first WS of 2016, was held with many participants around the world from November 23 to 24 (Jan. 2-3, 2016) in the third year of Cheon Il Guk by the heavenly calendar.

Mrs. Hwa-seon Park from Moongyeong church in Gyeongbuk district (6,500-couple, female) came to Cheong Pyeong every month without skipping for the past 20 years. We asked her if she sensed any difference in the CP works. She gave the following testimony.

**"I felt that the works led directly by True Parents are the 'Main' course of a meal, so to speak. It seems that the works of CP have improved ten-fold since True Parents began to lead it personally.**

**I've always had this pain in my neck for the last 20 years, but it improved a lot after I attended the '2015 Fall Great Works' held from October 23 to 25. Then the pain was gone almost completely after I attended 2-day WS four times. A mere few days of WS made the pain go away. During one of the 2-day WS, I filled out a Wish Paper and went to bed after a prayer session in Jeongsim Won. While sleeping, around 3 in the morning, I felt a great spirit leaving my body. I woke up grabbing the back of my neck throbbing with pain, but then, a big spirit escaped my body, and I could feel my neck pain, which haunted me for 20 years, had finally gone. I feel these great spirits leaving my body every time I come to a 2-day WS. Health problems gradually disappeared one by one.**

**Now, I can sense that next in line is an even greater spirit situated right at the bottom of my being. I feel that I am shaking the spirit by its root. It feels completely different than before. Now, I can exert ten times the power. It seems as if True Parents themselves are helping me. There has been a great improvement in terms of the method and intensity of spirits leaving. People's pains in their shoulders or legs are disappearing."**

As the works in CP are improving significantly and the potency of CP soaring, the number of members with a strong belief in CP and absolute faith to True Parents is increasing every day.

## **A Japanese member who came to the first WS of 2016 with her work colleagues**

Mrs. H.K. from the Fukuoka region in Japan (in her 40s) gave the following testimony.

**I came for the first WS of 2016 with 13 of my colleagues from work. I work in a barber shop that has been under the management of my spiritual parent since 30 years ago. I joined the church after I heard a Principle lecture in the company's seminar room. That is how I became a member. Now, all employees of my company joined. Our company is like a home church.**

**From the year 2000 after the CP works began, our company sent employees to CP every year. Our spiritual parent felt the importance of the works of CP and sent his employees to attend Great Works and 2-day WS. Our company encouraged its employees to liberate their ancestors. When they come back from a liberation ceremony, we prepared foods to welcome the ancestors. We participated in Great Works to receive Heaven's grace and helped other employees do the same.**

**This time, three new employees including a part-timer (two have been blessed and are about to start families) came with us for the WS. Many problems have disappeared thanks to the works of CP, and each and every one of the employees has received Heaven's grace. My colleague who came to a liberation ceremony in last October also feels that he became more optimistic. I am not the one to cry during ancestor liberations, but this time, tears fell from my eyes and I felt, "These are joyous tears of my ancestors."**

**I could see that the faces of my colleagues brightened significantly. Our spiritual parent witnessed to his sister and her husband, to his grandparents along with other members of his greater family through the works of CP.**

**200th 40-day WS Filled with Grace**

Testimonies conveying graceful experiences through 40-day WS continue to come. Y.S., a first-generation member from Kyoto Region, gave the following testimony.

**"I found myself shouting, 'Grandfather, grandmother!.' I sensed warmth growing in my heart as I truly felt my ancestors and realized that they are my roots. I could feel that my parents were restored and received the married-couple blessing, and that my siblings and I joined the church all thanks to the guidances of Heavenly Parent, True Parents, and my ancestors.**

**During the WS, I also felt pain as the veil that shrouded my fallen natures came undone. I cannot actually feel the original sin inside of me, but I felt that I need to repent for the sins of Adam and Eve, the sins of my ancestors, and for the sins that I personally committed. I felt that I do not want my children to live with the burden of these sins.**

**CP is like a woman's womb. True Mother taught us that we must be reborn in CP. During this WS, I was able to make a determination to eradicate the sins and make a new beginning."**
