Victory Celebration for the 2019 Rally of Hope for the Era of Spiritual Rebirth in Support of the Secure Establishment of a Heavenly Unified Korea  
The Ocean Resort in Yeosu, South Korea

How was today's rally? I feel relieved that all five subregions of Korea have emerged victorious. And this has happened just before the world speaking tour I am about to embark on.

What's left now is for the five subregions to make sure 100 percent or even 120 percent of their blessed families become completely settled. Haven't I declared this openly to the country's politicians? You should boldly emphasize that the only way for this nation to receive Heaven's blessings is by attending True Mother, God's Only Begotten Daughter. Do you understand?

Following True Father's Holy Ascension, what was the very first thing I did for raising future talented leaders? I established the Wonmo Pyeongae Foundation and I also established a training school. Now, the school is training young people to go out into the world and become leaders of those nations in the future. Did you know that?

Do you remember what I said about Sun Moon University? I said I will raise it to the status of Cheon Il Guk National University in 2020. Its divinity college will become our training school. Sunhak Universal Peace Graduate School will be the senior school, while the divinity college in Sun Moon University will be the junior training school. The entire curriculum and system will focus on how to raise leaders who can lead the world.

Established theologies are not of high importance. In the era of Cheon Il Guk, which is focused on bringing about the completion of the providence, you must study about True Mother, God's Only Begotten Daughter, more profoundly and turn the divinity school upside down. Do you understand?

What theologians must study from now on is God's Only Begotten Daughter. In the context of the Messiah having come 2,000 years ago and the Returning Messiah having completed his messianic responsibility, this is the first advent of God's Only Begotten Daughter after 6,000 years. Hence, I sincerely hope that you will become professors of divinity who contribute to the completion of God's providence by boldly testifying about True Mother, the new Only Begotten Daughter of God and the Mother of the Universe. Do you understand? Will you do that?

About 100 or so cadets will be entering the training school. They will be the Hyojeongrang (Hyojeong warriors). They will be educated well to be strong Cheon Il Guk leaders in the future. Sun Moon University will be proudly launched into the world as the Cheon Il Guk National University. Aju.

Before I go, I would like to say, I love you all!
