Celebration of True Parents' joint birthday and the eighth anniversary of Foundation Day  
World Peace Center

Leaders from all walks of life under the Heavenly Parent's Holy Community, and particularly blessed families of the Family Federation, I am truly happy to see you. I love you all! Today, we are beginning a new history. We have observed seven anniversaries since the doors to the kingdom of heaven on earth opened, allowing access to a world that our Heavenly Parent and humanity have so longed to see, one in which all people live as one peaceful family under God. And this year marks the eighth anniversary.

Our Creator created everything in heaven and on earth. He had a dream. To achieve that dream, he created a man and a woman as the first ancestors of humanity and raised them with complete devotion in anticipation of the day they would completely and beautifully mature in heart through absolute faith, absolute love and absolute obedience.

Sadly, the man and woman created to be the first human ancestors fell away before their hearts had completely matured. By this I mean they fell to a position completely cut off from God, our Creator. Our Creator is the Alpha and the Omega. Hence, he must see the results of whatever he begins. This, however, initiated the sad, heart-wrenching providential history of salvation that has lasted for a long six thousand years. Until God could send the True Parents, the true ancestors, to earth, who could substantially realize his will on earth, his path was one of indescribable continuous pain. You cannot imagine how much God had to wait and endure.

Two thousand years ago, God sent Jesus Christ, his only begotten son, through the people of Israel, his chosen people. Yet, they did not know of Jesus' existence or value. Neither Jesus' own parents, nor the religious leaders nor the people of Israel at that time could provide a supportive environment for Jesus.

Jesus, who had lost all his support, could only go the way of the cross. There were two thieves that were crucified with him. The thief on the left reviled Jesus. The thief on Jesus's right, however, rebuked the other thief, saying that Jesus was innocent. Then Jesus told the thief on the right, "Truly, I say to you, today you will be with me in Paradise." [Luke 23:43] Jesus said "Paradise." Later Jesus said he would return. You need to be aware of this. This is the time to see the fulfillment of the providence. Hence, you must know of the truth -- you need to know properly what Heavenly Parent's dream is and what humanity's wish is.

### Family-level salvation

Many religions have emerged throughout our history. However, these religions could only aim at individual salvation at the most. Yet the Creator's principle of creation is for the perfection of a family. A man and a woman are meant to attain maturity of heart, receive Heavenly Parent's Blessing, raise their children on earth together with Heavenly Parent, and live each day in gratitude to Heaven, singing of love. Our Creator's dream was for such a beautiful kingdom of heaven on earth.

Putting this another way, our Creator is the Heavenly Parent of all humankind. However, the miserable reality is that God, our parent, could not embrace everyone. Now, thanks to True Parents, who have brought providential history to its conclusion, we have come to know that the Creator is our Heavenly Parent. Knowing about our Heavenly Parent, however, does not mean you can go to him. As fallen people, everyone must set up indemnity conditions, receive the blessing of rebirth and resurrection from the True Parents and then complete the heavenly tribal messiah responsibilities as blessed families. Today, it is not only our own family that is to be saved, but our blessed families have the responsibility for the salvation and liberation of even their ancestors. Only then can there be hope for the future.

In the midst of this, True Parents knew God's hope and fervent, desperate dream for which he could wait no longer. Even in the situation of not having the Christian foundation to support us, because we are the True Parents, we ran, not wasting even a moment, for sixty or so years to create the environment through which God can embrace the world, one in which humanity can live as one family. Heaven was with us throughout, and sent to us, within this environment, many prophets and righteous people that he had prepared.

Given that human history has been plagued by wars and conflicts for six thousand years due to the Fall, the world has multiplied into too many countries and people to be able to transform it into heaven on earth overnight. All the religious responsibility for accomplishing this, but they are unable to explain the fundamental nature of the Creator. In short, they are dealing only with personal salvation.

God's creation is about the perfection of the family. The path for fallen people to come before the Heavenly Parent is only through True Parents. Each blessed family that has received the Blessing through True Parents has their own responsibilities. The point at which that responsibility is fulfilled is when you become a triumphant CheonBo family with the eternal qualifications of having realized Cheon Il Guk.

As the years go by, moving toward the completion of Heaven's providence, as a tribal messiah and victorious family inducted as CheonBo, together with the only begotten daughter being on earth today, means this time, when you hold this qualification, is truly your golden age. By 2027, when we will celebrate the sixtieth anniversary of Heavenly Parent's Day, those who know the True Parents and who know the Family Federation must change. For example, if a snake does not shed its skin, it cannot grow larger. The pain of peeling off the skin is indescribable, but it must be done.

I say this because the leaders and members of all the religious groups that have connected with us up to this point must qualify as the people of Cheon Il Guk. In the future, only those who have emerged triumphant as blessed couples and CheonBo couples can be called religious leaders in Heavenly Parent's Holy Community. Do you understand what I mean

New wine lasts only when it is put into new wine skins. To break away from existing institutional norms and become sons or daughters that realize Heavenly Parent's dream and meet the qualifications that the Heavenly Parent desires to see within the Heavenly Parent's Holy Community, they must receive the Blessing and fulfill their responsibilities as blessed couples. Only then can they become the true children of the Heavenly Parent that can lead their lives in the heavenly kingdom on earth and in the spirit world for eternity.

For this reason, Jesus said he would come again. He said that when he returned he would hold the marriage supper of the Lamb. What do these words mean They are about becoming parents. Parents! Today I beg all of you... I hope you will not miss this golden age given by Heaven nor miss this blessing, so today I have blessed all leaders around the world to become the sons or daughters of our Heavenly Parent who are fully qualified for Cheon Il Guk. Thank you.
