Prayer Rally for the Salvation of Our Homeland and the Realization of a Heavenly Unified Korea

Excerpt

Heavenly Parent's dream was to live on earth with humanity as His children, together with True Parents. His plan was to realize such a Kingdom of Heaven on Earth, overflowing with love and happiness.

Because of the human Fall, human beings have had no direct path by which to go to God. Now, through the True Parents, who have emerged victorious from among humankind, all human beings can go before Heavenly Parent. In other words, working with True Parents is the only way forward for this country and the world.

I explained earlier: All religions have reached their final stage. When you reach the last stop, you need to get off the train. Those who do not get off are clinging to the past, so you must take that step. True Parents proclaimed the Foundation Day of the new era and firmly established Cheon Il Guk. Now, through True Parents, the temple where we can attend Heavenly Parent on Earth will be completed in 2023. This is something that could not have been done in the Old or New Testament eras. This is something only True Parents can do.

Spiritual leaders of the diverse faiths, who are guiding this nation, now that you have come to know Heaven's providence and Heaven's secrets, what should you do? In that humankind has lived like orphans through 6,000 years of human history, now that you've met your parents, what is holding you back? What, do you not have courage? What makes you hesitate? Today I am wearing green, symbolizing my hope that all of you will become the people of Cheon Il Guk, the beautiful, precious jewels of Heaven in Cheon Il Guk, the land of hope.

Now, we need to address how the earth is suffering in the present time due to human ignorance. Developed countries are making effort to become carbon neutral. It is our responsibility as people of this age, as we stand united in attendance to Heavenly Parent, to correct things one by one and return the world to its original state.

Historians say: Until now, human history has been dominated by men. The same is true for religion. However, what they are saying today is that the work of politics and all other fields today must be conducted with a mother's heart. They are coming to such a conclusion, and it is true. This is because the completion of the providence began with the only begotten Daughter, the Mother of Peace.

The Bible says that there is no forgiveness for those who disobey the Holy Spirit. This is our last opportunity.

Please keep in mind that you have arrived at the final point, and the only way that remains is to become one with True Mother, God's only begotten Daughter. Please remember that this is the only way for you and the people of your nations to live.
