HJ Magnolia Yongpyong Hotel and Resort (Yongpyeong Resort) held the "Millennium Jumok Forest Trail Dedication Ceremony" at the summit of Mt. Balwang on June 13. The dedication ceremony was held in the presence of more than 100 guests, including True Mother, FFWPU International HQ director general Dr. Yoon Young-ho, president of Korea UPF Dr. Moon Yeon-ah, and Segye Ilbo newspaper president Jeong Hee-taek.

On the Millennium Jumok Forest Trail one can comfortably walk along the constructed deck trail through the forests of Mt. Balwang and see trees that are more than a thousand years old. Mt. Balwang, which is 1458m above sea level, is the 12th highest mountain in Korea. The mountain is known locally as the mother mountain where kings are born. Its slopes are bedecked with tall, evergreen pine trees that keep their pristine beauty even in winter.
