

Heavenly Parent's Holy Community 9th Hyojeong Nuri (Sunday Service)

August 21, 2022, HJ Global Arts Center, Korea

Beloved blessed couples from around the world, you of the 1st, 2nd, 3rd, and 4th generations –

Today, a 4th-generation baby girl, Moon Jeong-ah, has been born into True Parents' family. [Mother smiles and everyone applauds.]

The appearance of True Parents in the 6,000-year history of humankind and the history of religion is a miracle. True Parents.

You who have gathered here—the first-generation grandparents, the mothers and the fathers, the elder brothers and sisters, those of you of the third and fourth generation, what do you call me? [Grand Mommy.]

Grand Mommy. Yes, I am Grand Mommy. After Father ascended, I even invited children here to Cheon Jeong Gung. They would usually stay on the basement level, but many also went up to other floors.

In the hallway next to Grand Mommy's living room on the third floor, there is a small aquarium. There are large fish in the aquarium, but there are also snow white fish of the appropriate small size. Following Father's ascension, these snow white fish produced fry continuously for five years. It was a pleasure to watch them every day. One particular year, I waited again, but there were no fry to be seen. I wondered whether there

were only female fish or only male fish left in the tank. So I spoke with the fish "daddy" who cares for the fish. He cleaned the aquarium and changed some of the fish.

Then, this August, I saw one baby fish and then a few days later, four more. Five fish were born. I am saying this because the lifespan of this fish is about five years. Therefore, there are third- and fourth-generation fish living in the same tank.

Heavenly Parent's ideal of creation was to live on earth with the children centered on True Parents.

The average human lifespan is less than 100 years. There is a big age difference between Grand Mommy and Grand Daddy. This is why Grand Daddy went to heaven first. Can you understand?

You are lucky, however. Do you realize how blessed you are to live in a time when you can have beautiful and hopeful lives on earth with Heavenly Parent during Grand Mommy's time on earth?

As a result of the human Fall, humankind has made Heavenly Parent lonely until now, so I am speaking to you today in the hope that you will become children who bring joy, praise, and hope to Heavenly Parent every single day.

Today is a happy day, isn't it? [Yes.] I wish you a day filled with joy in gratitude to our Heavenly Parent.
