Beloved Creator, Heavenly Parent, we express our deepest gratitude for this day You have bestowed upon us.

As we dedicate the IIHwa Headquarters today, it signifies the fulfillment of IIHwa's foundational mission, not only within this nation but also on a global scale. I earnestly hope that under the leadership of Director Kim Yun-jin, a second-generation leader,

All IIHwa employees will come together to achieve even greater heights of success.

May this day be blessed, marking a commitment from the entire IIHwa team and family to work towards creating a healthier nation and world. Let us strive towards the day when all of humanity will honor and serve the Heavenly Parent.

I offer this heartfelt prayer in the name of the True Parents. Aju!

*True Mother added:*

With True Parents and Heavenly Parent at the center of uniting all people of the world, companies bearing the name IIHwa are destined to develop.
