

## Prayer Dedicating the International Peace Education Center (IPEC) in Las Vegas

Hak Ja Han  
May 28, 2015

Our Heavenly Parent we feel deeply the sadness of your ordeal. You had no other choice but to carry out the Providence of Restoration through indemnity, a providence you did not wish to see. Yet as the True Parent you are in a position where you have to embrace all of humanity. You therefore established your big dream here in Las Vegas. Creating the Peace Palace in order to educate and embrace your children from around the world. We have not had a day when we could fully attend and serve you because of the inadequacy of our leaders. Please forgive us for our undutiful attitude.

Father I sincerely pray that you can directly work through this institution in your search for all of humanity. Whom you had hoped to find for so long. Father we are sorry. As we dedicate this great building to you today. Please bless it so that it becomes a place where many children in this nation and from around the world can come to truly realize that our Heavenly Parents and True Parents are living and working together in a place where your hopes are realized. Please oversee the entire program.

I pray in the name of True Parents.

Aju
