Beloved blessed families! On your way here, what type of heart did you come with? Did you come with hearts of anticipation and gratitude? You all are joyful people. The course of heaven's providence in seeking fallen humankind has been very difficult. You have learned from the word how difficult was the course -- the long period of four thousand years -- until sending God's only son, Jesus Christ, was possible....

Christian culture is the providence of seeking God's only daughter, who had gone undiscovered at that time. However, Christians today do not know what is correct or how to overcome indemnity to meet the true owner. Heaven chose the Korean people, who were able to seek the foundation for God's only daughter and who found God's only daughter, born bare of all indemnity conditions and without

original sin....

Since liberation, this nation has spent sixty-seven years between democracy and communism, unable to unite. No ideology or doctrine can do this. Neither religious nor economic strength can do it. Only through uniting with the True Parents, the true owner, is unification possible. Today, you all have

gathered at a very important place. This place -- where you learned through the works of the holy spirit of Dae-Mo nim, who gave birth to God's only daughter, instructed you through difficulties, and guided you on the path of becoming devoted children to Heavenly Parent and True Parents -- is uniquely under True Parents' authority. That is why those of you who have gathered here today are at a connecting point of three eras. You are in the place where you can become historic central figures and historic ancestors of human beings of the past, present, and future. Your responsibility is to liberate all your ancestors, all those in the spirit world, who throughout history, until now, have been unable to meet True Parents.

I'm referring to ancestor liberation and ancestor blessing. Do you understand? That work cannot be done away from Chung Pyung. Do not forget that as God's homeland this nation has the responsibility and mission to guide all the world's 7.4 billion people to Heaven's embrace. You must fulfill your responsibilities as tribal messiahs in your families. Looking toward the future, you have received the opportunity to become ancestors that your descendants can be proud of for a long time.

Only three years remain until 2020. You must be victorious and proudly dedicate to Heavenly Parent this nation, in which God can dwell and reign freely. The owner of this nation is Heavenly Parent. Politicians say they will take responsibility for this nation. If such people exist, they must receive a seal from True Parents.

Shouldn't a person who will establish a nation in which Heavenly Parent can spread his grand will freely, take on that responsibility? Therefore, it cannot end here. Christian culture spread to the world through the Atlantic civilization. We, centered on True Parents, together with other Asian nations will open the Pacific civilization, [and achieve] the dream our Creator, Heavenly Parent wishes for, one human family under God, the wish of all of humankind -- nations of peace and happiness! I earnestly wish you to become proud, active workers for peace who will bind the world as one to create the kingdom of heaven on earth centered on God.
