

## Supporters of Hyun Jin Moon seize Unification Church in Chile

May 11, 2015

From supporters of Hyun Jin Moon

Attached is a copy of the official certificate from the Chile Registry office with the names of the new Unification Church president and Board of Directors which have been properly and successfully registered with the relevant government entities.

The following is a letter sent by the newly and properly elected Chile board to the Unification Church World Mission Headquarters stating their position after they were officially approved and recognized as the proper board by the relevant authorities:

*To: FFWPU International Headquarters  
From: President of Unification Church of Chile  
Date: May 5, 2015  
Re: Unification Church of Chile*

*May our Heavenly Parent and the True Parents blessings and love be with our International Headquarters and worldwide church movement.*

*The purpose of this letter is to inform you that the Unification Church in Chile held its annual General Assembly on April 1, 2015 during which time a new President and Board of Directors were chosen, according to the proper procedures stipulated in our church statutes as well as the Constitution of the Republic of Chile.*

*As you can see in the accompanying document from the Civil Registry, the new board is as follows:*

*President: Miguel Angel Quezada  
Secretary: Sergio Castillo  
Treasurer: Pedro Arias  
1st Director: Milton Hernandez  
2nd Director: Raul Guzman*

*All of our directors are blessed members in good standing, who love True Parents and are dedicated to living up to their teaching to become true owners over the Providence – with absolute faith in Divine Principle, absolute love towards God, our spouses and our nation, and absolute obedience to our conscience – as we work to build a vibrant and growing Unification Church / FFWPU community for the realization of the Ideal of Cheon Il Guk.*

*We would also like to inform you that the Board of Directors has decided to declare South American Unification Church / FFWPU Continental Director, Rev. Dongmo Shin, persona non grata at any of our church properties in Chile. We have long found him a prima donna of the lowest character. He is manipulative, dishonest, even corrupt, and, we believe, despised by most members in our region. And as such, he is unfit to represent True Parents and their authority in front of us. Please inform True Mother that she has a very unqualified person as her representative in South America, and that he is damaging the reputation of the institution and bringing dishonor to the name of True Parents.*

*In Their names,*

*Miguel Angel Quezada  
President*

**Re. : Resolving the Chilean Church Problems**

May our Heavenly Parent and the True Parents' blessings and love be with the South America region.

True Parents gave the heavenly command during the Second Anniversary of the Cheon Il Guk Foundation Day and the 2015 Cheon Il Guk Leaders' Assembly that our entire worldwide Unification movement unite and start anew. It was at that time that True Parents received a report regarding recent happenings in Chile. True Parents gave the directive that all gatherings and actions taken without the permission of the International Headquarters go against the tradition of our Unification Movement and are thus clearly invalid. True Parents have instructed everyone to follow the directives of the FFWPU International Headquarters.

Accordingly, the International Headquarters, issues the instructions listed below. We also ask that the Chile national headquarters follow the instructions given by the regional headquarters of South America and does its best to quickly restore the Chilean church to its original state.

- 1) Build a church whose leaders and members attend True Parents as the center of their lives as well as a church that is absolutely united with the International and Regional Headquarters.
- 2) Completely stop group activities that encourage, incite or facilitate factionalism within the church.
- 3) All decisions made through meetings or gathering held without the permission of the International Headquarters are null and void.
- 4) Any course of action stemming from wrong decisions that eventually grieve True Parents' heart must be reversed.
- 5) As of February 15, 2015, all powers and authority held over church affairs by the National Leader, Raul Guzman, are revoked until further notice by the International and Regional Headquarters.
- 6) The current missionary to Chile, Ross Grange, is appointed to the position of interim national leader until an official appointment for the national leader is held under the supervision of the International and Regional Headquarters. Rev. Grange must work centering on True Parents towards healing and forging unity within members as well as restore good relationships.
