District 10

Rev. Kendrick Curry
Senior Pastor
Pennsylvania Ave. Baptist Church

Henry Lozano
Commissioner
California Volunteers

Dr. Paul Mojzes
Professor of Religious Studies
Rosemont College

- We convened our 2nd Annual first Amendment Forum in Philadelphia, recognizing Constitution Day in the U.S.
- The 7th Annual International Young Leader's Assembly was recognized as one of the best yet.
- The 3rd Annual Billings, Montana Forum was first rate and achieved groundbreaking coalition support.
- GPF-USA successfully secured a half million-dollar grant for its Urban Peace Building initiative from the Department of Homeland Security for the State of New Jersey.
- GPF-USA is proud to have advanced and elevated its national partnership base that positions us for significant advancement.

While we are proud of all that we have done and are doing, there is so much more to do to advance the cause of "peace building" here in the U.S. There are more inspiring programs to host and much needed projects to expand upon. There are people to engage, minds to inspire, and conversations to spark. We can do it with your support. I hope I can count on your generosity today. Your support of the GPF mission and work of our chapter can be accomplished by making an end-of-year tax-deductible contribution today by clicking [here](#) .

In advance, I thank you on behalf of the many we will be able to serve because of your giving. Have a wonderful New Year.

Sincerely,

A handwritten signature in black ink, appearing to read "Alann J. Inman".
