### **1. a. The truth of what happened in Brazil**

Hyun Jin Nim has been performing with various missions in Latin America. Especially in Brazil and Paraguay, as directed by the True Parents, he has been visiting several times and has been successfully solving complex legal problems in relation to the properties of the Pantanal region were in danger. These activities are to develop and further expand the local foundations True Parents have been investing and are essential activities to whet the era of Confederation of North and South American Confederation of Catholic and Protestant, and was the Pacific coast.

During his visit, Hyun Jin Nim solved some of the urgent problems that were facing and by inviting presidents and national leaders to participate together in the vision of the True Parents, has been keen interest in the plan of Latinamerican Union.

He had been a year since his last visit to Latin America and wanted to go to Hyun Jin Nim / as siblings for us as blessed families do not lose the direction of the providence of God and inherit the spiritual legacy of the True Parents. Many people in Brazil and Paraguay were aware of the difficulties Hyun Jin Nim was happening in recent days. But despite all that, they came to visit a True Son. Many people were present with open hearts and wanted to hear the words and thoughts from certified by Hyun Jin Nim.

Despite all this, what happened in Brazil in relation to Rev. Shin Dong Mo was a very regrettable. On May 30 was scheduled to Hyun Jin Nim can speak, but was manipulated to look as if Hyun Jin Nim was interrupting the event of the publication of an autobiography of the Father. In particular, much controversy was created because the Church has published a video enfocando only in the parts where it appears hitting Hyun Jin Nim Rev. Shin.

Rev. Shin has already broken the Hyun Jin Nim as an individual and the results of the activities of writing and Espace GPF many people with a letter entitled "Mask." After that letter has also continued attacking Hyun Jin Nim with different letters.

10:15 a.m. 30th May, Hyun Jin Nim had reached the headquarters of Brazil and waited for more than 40 minutes to finish his sermon Rev. Shin, but it took more than two hours talking and would not finish. The church in Brazil has an average attendance of 200 people at Sunday service, but that day would reach 900 people by the visit of Hyun Jin Nim, knowing this, Rev. Shin quickly planned the publication of the autobiography of the Father in Portuguese.

Hyun Jin Nim could not wait any more and entered the main temple and many young people and students were welcoming and Rev. Shin was an arrogant attitude Hyun Jin Nim ignoring input. He was walking toward the podium, Rev. Shin continued his

sermon. At the end of the podium but Hyun Jin Nim Rev. Shin was not repeated to Hyun Jin Nim and time to worship God and True Parents, Rev. Shin lay on the floor and was screaming. Thus insulted the Holy place and a true son humbled. Where this situation, the guards of the Church in Brazil had to lift and carry it out of that place. All this was being broadcast on the internet, but when Hyun Jin Nim began speaking, the transmission was cut. Despite these facts, Rev. Shin argues that Hyun Jin Nim fans have invaded the podium with force and he was taken by them.

After this, Rev. Shin was spreading more lies for example, that he was fired by Hyun Jin Nim as continental director and Rev. Kwak Jin Man is the new director appointed. Here we see that Rev. Shin is using all possible means to defame Hyun Jin Nim. In fact, the day it was published the addresses of the Father (the Crown), Rev. Shin wrote on a website: "do not know how many bombs have been preparing ..." showing their satisfaction with the outcome. Rev. Shin These acts of violence really are.

That day, Hyun Jin Nim came to the temple because they were expecting over 900 people from different places, so you can see Hyun Jin Nim. The young people were placed on both sides of the aisle to receive Hyun Jin Nim and many people heard the words of Hyun Jin Nim carefully. Following the disorder, Hyun Jin Nim spoke for over three hours including time for HDH, and he asked those present who have to fulfill the responsibility as owners who achieve the dream and vision of God (One Family under God.) After the sermon, at lunchtime, Hyun Jin Nim again asked the leaders who were present that are owners of God's dream. Instead of avoiding a difficult situation, Hyun Jin Nim chose to perform a true son work should be done with the conviction that one day will reveal all things.

The next day, at the hour of HDH, Hyun Jin Nim called the Rev. Shin who was waiting outside. Hyun Jin Nim named him to call the attention of the mistakes he had made and forgive. In the words of Hyun Jin Nim, he knows there are traps everywhere and that these traps Hyun Jin Nim could lose your life, but even knowing this, has called Rev. Shin to forgive the things he has done. That is, the wake-up call from Hyun Jin Nim to Rev. Shin can be manipulated and used to attack and kill Hyun Jin Nim, but he preferred to perform the function of a real Big Brother against the Unification Church that Rev. Shin is in the position of the continental director. Hyun Jin Nim present told him: "I did what I should do. You, the blessed families must also meet its share of responsibility. Please do not criticize by saying that I have not even tried. "

Despite the unfortunate event for the mistakes of Rev. Shin, people received much grace through two HDH made with Hyun Jin Nim. And as mentioned in the preceding pages, Hyun Jin Nim has achieved a great result on his tour to Latin America.

But unfortunately, two days after the event, World Mission Headquarters sent an official memo condemning Hyun Jin Nim researched deeply and without relying solely on the report of the Rev. Shin. And those four days, Father wrote of "heretic and exploitative" and this video was sent to the world. After that, we edited a video in which it appears Hyun Jin Nim hitting the Rev. Shin and sent them to many people and in Korea and the U.S. conducted Hyun Jin Nim criticism meetings showing that video. The whole process

was done very quickly as a prepared script. These facts are to be recorded in history as the worst event of the Unification Church.

To understand exactly what happened in Brazil, we have to look at length all the materials in general, as the words given by Hyun Jin Nim people about the conduct of providence to protect the work and legacy of the True Parents, and especially, we must see the video where calling attention appears strongly Hyun Jin Nim Rev. Shin Dong Mo and President of the Church in Brazil.

### **3) The truth about the rumors of the personal plane of the True Parents**

#### **On the misconception that the airplane flight service personnel True Parents have been denied**

UCI really want to offer airline service personnel to support the Providence of the True Parents. But, despite this desire, the decision on the part of the Mission Foundation and the Unification Church of Japan, to stop all financial support to UCI, could not be fulfilled that desire. Here I will explain in detail.

#### **[Explanation]**

For several years, UCI has supported the True Parents airline offering personal service. This support from the UCI has been possible thanks to the contribution made by the Unification Church of Japan to UCI. But in July 2009, Mr. Peter Kim, with the power of Kook Jin Nim, warned there will be no more contribution from Japan to the ICU. And actually stopped sending contributions to UCI. For this reason, companies like Washington Times and other nonprofit organizations who were receiving the support of UCI had difficulties. Therefore, the ability to UCI to offer airline service personnel to the True Parents also had many difficulties.

Furthermore, in December 2009, UCI learned of plans to travel the True Parents and immediately prepared for the aircraft service personnel. But UCI received notice that the cost of personal aircraft is very expensive and you do not need ICU services. Some sources point to Kook Jin Nim as the author of this decision. It seems that Kook Jin Nim even said the Padres to take a commercial flight would be cheaper. And as a result of cos, the True Parents had to take the Korean Airlines plane instead of personal.

In March 2010, the Padres were in Korea and were planning to go to America. UCI sent a formal letter to the Mission Foundation, making it clear that they support with funds UCI intends to offer the service of personal aircraft for the Padres. This was to show the Mission Foundation, and probably Kook Jin Nim-ICU position. The Mission Foundation claimed to use the funds however are provisional for the WTA event. But that could not be that way and UCI sent a letter explaining those reasons. After his dismissal, Mr. Dong Moon Joo transferred to the Mission Foundation \$ 21 million without permission and because of this there is a lawsuit against Mr. Joo still unresolved. Therefore, this fund is provisionally arrested may not be used. The Mission Foundation is well aware of this point but still saying that. After that response, UCI continued his efforts, but the Mission Foundation gave no other response and as a result of that, the Padres had to return to a commercial aircraft.

Using a personal aircraft need much money, but the Church has always supported Japan for the UCI may be providing this service. Well siblings of Japan seen as very important providential activities of the Fathers. It's a bit difficult to understand why Kook Jin Nim which has refused financial support for the use of personal aircraft of the Fathers. And it's a great shame to see expand negative rumors saying that the Padres have to suffer more because Hyun Jin Nim is denying the use of personal aircraft. We really want to see the True Parents, who are working tirelessly to comply with the providential mission, comfortable and safe travel.
