Abandon Self-Worship. Pick Up Your Cross!

And he said to them, "Follow me, and I will make you fishers of men." **Matthew 4:19**

One secret in winning over Satan is to be able to do what Satan can never do. God Himself cannot excuse the origin of sin, Satan. Then who can excuse him or forgive him? The one who is in the position of Adam, after restoring Satan, must be able to bring him to God and say, "I have restored Satan, the last one of Satan, and brought him to your bosom; please beat me and punish me and do anything to me in place of him, and then forgive him," and then alone God's resentment will be cleared away and He will feel like forgiving Satan. So the cross we are going to bear will be of that nature. With that kind of concept in his mind, even on the cross, Jesus had to pray for his enemy and bless them. *SMM, "Becoming a Responsible Person" July 14, 1974*

Hello,

Jim Stephens explained that 30 Sanctuary brothers and sisters gathered to welcome the 2nd King and Queen at Liberty Rock, Texas. A lot of Second Gen in Texas are preparing for matching and blessing. 50,000 attended the NRA convention. The 2nd King was 'fishing' at the Kahr Arms booth.

Hyung Jin Nim spoke about the new King Bullethead rap "California Hell." Purchasing a child for sex is now a misdemeanor, instead of a felony in CA. It's an enormous effort to put out a new song/video each 2 weeks! The 3rd King is writing "1,000" apologetics essays to bring people to truth. He understands Christian theology better than 95% of believers.

True Father fished with 10 poles set up on his boat, with lines going to different levels with different kinds of bait. The depth of the lines followed the trajectory of the chum descending into the ocean. He did not do "leisure fishing." We need to be aligned with Jesus' teaching "Be fishers of men."

So Hyung Jin Nim is working to develop different "fishing lines" - Rod of Iron Riders, King Bullethead raps, etc. He called for Lily Tang who escaped Red China to come into the Kahr Arms booth and for Ray Cash Care, Navy Seal. They loved HJN's bomber jacket in the [2A design collection](#).

If you get too emotional, the "line" being reeled in by God might break. The fish has to get into the boat to enter the Kingdom. You have to be patient.

At the upcoming Trump Truck tours, they will be "busking" with King Bullethead performances, "George Washington" speaking, etc. The message is --we have to get our country back. America is in serious danger.

As expressed in Hebrews 10:25, God said not to forsake gathering together as a community. Just another level of the 8 stages of perfection. The Kingdom does not come through being isolated.

Ken Nuss, founder of Border 911, complains that his church is so weak, not willing to speak out. We need community and mutual support.

When the "Shemita Hits the Fan," you need community and communication. When the LGBTQ mafia educate our children, they are trying to undermine our communities.

Young people have many sins, but Marxists flatter them, saying "you are saviors." No, they NEED a savior. In your darkest time, God may not be speaking, but He is WITH you. Put down self-worship and pick up your cross. If we tell lies to ourselves, then it leads to a life of self-delusion. Face your fear and anxiety. God calls us to embrace rejection and death. One way to restate the passage in Matthew 16:24, is to say -- the cross is an electric chair.

He spoke about a Korean sister who is an attractive, talented singer. She was picked up by a record label and put into a girl band. After the first performance, she was invited to a party. When she said that she doesn't drink alcohol, they fired her immediately. So she left the music industry, got blessed and had three children. The last son was born with a serious mental disability. Hyung Jin Nim told her to start a YouTube channel and use her beautiful voice to sing with her whole heart about the love she loves for her disabled child.

The [Big Bang Kpop group invited pretty girls to the VIP area and drugged them](#). The Divine Principle identifies Satan's main weapon, illicit sex. Satan is the first sex trafficker. All the intelligence agencies are involved in using that to entrap their targets.

Even AI knows the truth. When asked -- among people who claim to be the messiah, who is the most qualified. The AI answered Rev Sun Myung Moon. The following week it was programmed to answer differently. There needs to be competition among different AI, not just the government-controlled-AI.

He recommended that we watch the [Power of influence by Google explained by Dr. Robert Epstein on the Michael Knowles show](#). Google recommends young adult Democrats to get registered two-three times more often than young Republicans.

Adam was given authority to name things, not the angels. AI is like angels. Lucifer came as a beautiful angel of light, not with horns.

He then led the congregation in a deep, 40 minute contemplative prayer, as explained in [Being with God: The Practice of Contemplative Prayer](#).

And he said to them, "Follow me, and I will make you fishers of men."

May God bless you and your families!

Sincerely,

Richard
