Cheon Jeong Gung Palace

Geomundo Island will be a sacred place for everyone to visit. Yesterday, we went to Geomundo Island, right? We need to build a royal palace in Geomundo Island. You have to build it in the South country. You have to build it in the North, South, East and West. Below that, it says, "The anniversary of the completion of the completion at 4:42 before January 8, 2007 at Cheonjeonggung Palace." What do you mean.... That's all I have to say. It's like a dream, but it's not a dream. (552-206)

Let's experience eternal life

East Garden

If you come to Korea, it's Geomundo Island. Geomundo Island. It's not the word island "do(島)" of Big Moon "거문(巨文)", but road "do(道)". There are roads in the sea, too. That's do(道). It is a place of prayer where people from all over the world can come to the sea and relax, come to my hometown and sleep overnight, shed tears of joy, and pray that the place of their home country will become a royal palace for thousands of years. It's like a sanctuary, it's like an intellectual sanctuary. Why would I pray there when you make it? You can pray.... It's for brothers from all over the world to come and rest and hide their prestige. If you go in and out of there, you'll be forgiven. Yeah, it's a refuge, a refuge, cities of refuge. (580-257)
